Re: Richard Gilder Center for Science, Education, and Innovation

Dear Ms. Futter,

The American Museum of Natural History (the "Museum") has proposed certain minor modifications to the Richard Gilder Center for Science, Education, and Innovation Project (the "Project"). As lead agency for City Environmental Quality Review and State Environmental Quality Review for the Project, NYC Parks has issued a technical memorandum (the "Tech Memo") dated April 25, 2018 analyzing the proposed modifications (the "Modifications").

Based upon this review, NYC Parks hereby approves the Modifications to the Project as described in the Tech Memo, subject to the same conditions set forth in the letter dated December 4, 2017 from NYC Parks to the Museum approving the Project.

Very truly yours,

Mitchell J. Silver, FAICP  
Commissioner, NYC Parks
