NOW THEREFORE, in consideration of the premises and covenants contained herein, the parties hereby do agree as follows:

1. GRANT OF LICENSE

1.1 Parks hereby grants to Licensee and Licensee hereby accepts from Parks this License to renovate, operate and maintain an 18-hole golf course with a clubhouse (the "Concession"), at the Licensed Premises, as described in **Exhibit A**, for the use and enjoyment of the general public as hereinafter defined, in accordance with the provisions herein and to the satisfaction of the Commissioner of Parks ("Commissioner"). All plans, schedules, services, menu items, merchandise, prices and fees, and hours of operation are subject to Parks' prior written approval. Licensee will be responsible for all costs associated with the renovation, operation and maintenance of the Licensed Premises.

1.2 Licensee shall obtain any and all approvals, permits, and other licenses required by Federal, State and City laws, rules, regulations and orders which are or may become necessary to renovate, operate and maintain the Licensed Premises in accordance with the terms of this License and to perform the Capital Improvements required by this License Agreement. In order to be in compliance with this License Agreement, Licensee must fulfill all of the obligations contained herein. Commissioner may deem as a default Licensee's failure to fulfill any of its obligations herein for any reason.

1.3 It is expressly understood that Licensee has no property interest in the Licensed Premises and that no land, building, space, or equipment is leased or otherwise conveyed to Licensee by Parks, but that during the Term of this License, Licensee shall have the use of the Licensed Premises for the purposes herein provided. Licensee has the right to occupy and operate the Licensed Premises only so long as each and every term and condition in this License is strictly and properly complied with and so long as this License is not terminated by Commissioner in accordance with this License.

1.4 Licensee shall provide, at all times, full and free access to the Licensed Premises to the Commissioner or the Commissioner's representatives and to other City, State and Federal officials or their representatives having jurisdiction for inspection purposes and to ensure Parks' satisfaction with Licensee's compliance with the terms of this License Agreement.

All intellectual property rights in the Licensed Premises, "South Shore Park" name, and any other names, trademarks, service marks, copyrights, patents, trade names, service names, logos, domain names, identifiers, images and other intellectual property that identify Parks, including Parks' signage and the distinctive Parks leaf logo, together with the goodwill that is symbolized by such names, trademarks, service marks, designations and identifications are the property of the City ("City IP"). Parks may require that the City own the portion of any name selected by Licensee for use at the Licensed Premises that indicates Parks' property or a preexisting facility name or otherwise contains any City IP. The City will not own any portion of a new name that consists of the name, portrait or signature of a living or deceased individual or a restaurant identifier that is not otherwise associated with Parks' property. Licensee may use the name "South Shore Park" in connection with its operations under this License Agreement only to identify the location of the Licensed Premises, and any other uses of "South Shore Park" or any other City IP may be only pursuant to a separate written agreement between the City and Licensee.

(b) Parks may issue a separate Request for Proposals for naming rights of the facility or portions thereof. In the event Parks solicits for and selects a proposal for naming rights, Licensee shall be required to use the name that Parks selects.

Capital Improvements also include all Alterations and “Additional Fixed Equipment,” as that term is defined in Section 2.1(j) below, which the Licensee installs or causes to be installed on the Licensed Premises. Capital Improvements shall not include routine maintenance and repair activities required to be performed in the normal course of management and operation of the Licensed Premises. Capital Improvements shall include those activities described in Section 6.1 and the Schedule of Capital Improvements attached as **Exhibit D**.

(c) “City” shall mean the City of New York, its departments and political subdivisions.

In the event the index shall cease to be published, then for the purpose of this License Agreement there shall be substituted for the index such other index as Parks and Licensee shall agree upon.

(g) “CPI Adjustment” means an adjustment made by multiplying the dollar amount to be adjusted by a fraction, the numerator of which shall be the CPI for the calendar month prior to the month in which the adjustment is to occur, and the denominator of which shall be the CPI for the calendar month prior to the Commencement Date.

(h) “Expendable Equipment” or “Personal Equipment” shall mean all equipment, other than Fixed and Additional Fixed Equipment provided by Licensee.

(i) “Final Completion” or “Finally Complete” shall mean that the construction of an improvement to the Licensed Premises has been completed to such an extent that the Commissioner certifies in writing that it has been finally completed and that no further work is required by Licensee pursuant to this License in connection with the construction of said improvement. Notwithstanding the issuance of any such certification, Licensee shall be liable for

any claims related to such construction and shall be responsible for any other obligations (including maintenance, repair and indemnity) set forth in this License Agreement.

(j) “Fixed Equipment” shall mean any property affixed in any way to the Licensed Premises existing at the time Notice to Proceed is given, whether or not such removal would damage the Licensed Premises.

(i) “Additional Fixed Equipment” shall mean Fixed Equipment affixed to the Licensed Premises subsequent to the date that Notice to Proceed is given.

(ii) “Fixed and Additional Fixed Equipment” shall refer to Fixed Equipment and Additional Fixed Equipment jointly and severally.

(k)

(i) “Gross Receipts” shall include, without limitation, all funds or receipts of any kind received by Licensee from or in connection with its operations at the Licensed Premises, without deduction or set-off of any kind, from the sale or provision of merchandise, food and beverages, or services of any kind, provided that Gross Receipts shall exclude the amount of any Federal, State or City sales taxes which may now or hereafter be imposed upon or be required to be collected and paid by Licensee. The total Surcharge Payment shall be deducted from Greens Fees, in calculating the percentage fee payable to the City under Section 4.1(a). Gross Receipts shall include any orders placed or made at the Licensed Premises, although delivery of merchandise or services may be made outside or away from the Licensed Premises, and shall include all receipts of Licensee for orders taken at the Licensed Premises by Licensee for services to be rendered by Licensee in the future either at or outside of the Licensed Premises. For example, if Licensee receives a \$1,000 deposit for services to be provided at a later date, the deposit must be reported at the time of payment, regardless of when the service is provided. All sales made or services rendered from the Licensed Premises shall be construed as made and completed therein even though payment therefor may be made at some other place, and although delivery of merchandise sold or services rendered upon the Licensed Premises may be made other than at the Licensed Premises.

(ii) Gross Receipts shall include receipts from all sponsorships, whether in cash or as discounts against purchase price of materials, equipment or commodities.

(iii) Gross Receipts shall also include all sales made by any other operator or operators using the Licensed Premises under a properly authorized sublicense or subcontract agreement, as provided in Article 14 of this License Agreement, provided that Gross Receipts shall also include Licensee’s income from rental and sublicense or subcontracting fees and commissions Licensee receives in connection with all services provided by Licensee’s subcontractors or sublicensees unless otherwise approved in writing by Parks.

(iv) Gross Receipts shall include sales made for cash or credit (credit sales shall be included in Gross Receipts as of the date of the sale) regardless of whether the sales are paid or uncollected, it being the distinct intention and agreement of the parties that all sums due to be received by Licensee from all sources from the operation of this License shall be included in Gross Receipts, provided however that any gratuities transmitted by Licensee directly or indirectly to employees and staff shall not be included within Gross Receipts. For purposes of this subsection (iv):

(a) With respect to non-catered food and beverages service, a “Gratuity” shall mean a charge that: (i) is separately stated on the bill or invoice given to Licensee’s customer or otherwise proffered by the customer, (ii) is specifically designated as a gratuity, or purports to be a gratuity, and (iii) Licensee receives and pays over in total to its employees (other than management) who are primarily engaged in the serving of food or beverage to guests, patrons or customers, including but not limited to, wait staff, bartenders, captains, bussing personnel and similar staff who are paid a cash wage as a “food service worker” pursuant to NY Labor Law Section 652(4). Licensee shall provide documentation reasonably satisfactory to Parks to prove that Gratuities were paid to employees in addition to their regular salaries, and were otherwise in accordance with the foregoing provisions. Such documentation shall be signed and verified by an officer of Licensee. “Regular Salary” for purposes of this subsection shall mean the set hourly wage for the applicable employee.

(b) With respect to catered events, a “Gratuity” shall be an amount no greater than 20% of the catering food and beverage sales for the event, provided that such Gratuity is a charge that: (i) is separately stated on the bill or invoice given to Licensee’s customer, (ii) is specifically designated as a gratuity, or purports to be a gratuity, and (iii) is paid over by Licensee in total to its employees (other than management) who actually provide services at the event, and who are primarily engaged in the serving of food or beverages to guests, patrons or customers, including, but not limited to, wait staff, bartenders, captains, bussing personnel, and similar staff. Licensee shall provide documentation reasonably satisfactory to Parks to prove that Gratuities were paid to employees in addition to their regular salaries, and were otherwise in accordance with the foregoing provisions. “Regular Salary” for purposes of this subsection shall mean the set hourly wage for the applicable employee. Such documentation shall be signed and verified by an officer of Licensee.

(v) Gross Receipts shall not include uncollected sales debts known to be bad. Upon request, Licensee shall provide to Parks documentation of its efforts to collect such bad debts.

(l) “Juniors” shall mean persons aged 16 years and under.

(m) “Licensed Premises” or “Premises” shall mean the area designated as such on **Exhibit A**, attached hereto, and shall include the structures, as well as any improvements, constructed thereon, including, without limitation, all buildings or structures, walkways, curbs, trees and landscaping.

(n) “Licensee’s Special Events” shall mean any ticketed or private functions at the Licensed Premises, excluding “Parks’ Special Events” as defined in Section 13 of this Agreement. Subject to prior written approval from Parks, Licensee may conduct Licensee’s Special Events at the Licensed Premises. Licensee shall submit to Parks for approval all plans for any Licensee’s Special Events at the Licensed Premises. In no event shall the entire Licensed Premises be closed to conduct private activities during public hours of use except when such activities are specifically approved by Parks in advance in writing or sponsored by Parks, and such a closure has been

announced to the public at least two (2) weeks in advance of such activities or events. All catered events must be primarily related to dining activities. Licensee must document each of Licensee's Special Events via signed sequentially pre-numbered contracts that capture event information, including the time and date of the event, the number of attendees and required payment. All revenue generated through such Special Events must be reported to Parks as Gross Receipts. Notwithstanding anything to the contrary in this Section 2.1(k), Parks reserves the right to review Licensee's use of the Licensed Premises for Licensee's Special Events and require that Licensee obtain Parks' prior written approval for all Licensee's Special Events, of any type, if, in the reasonable determination of the Commissioner, the nature and frequency of Licensee's Special Events constitutes an unreasonable limitation on the use and enjoyment of the Licensed Premises by the general public.

(o) "Substantial Completion" or "Substantially Complete" shall mean, with respect to an improvement at the Licensed Premises, that the Commissioner certifies that an improvement to the Licensed Premises has been completed substantially in accordance with the plans, specifications, schematics, working and mechanical drawings approved by Parks, notwithstanding that minor work remains to be completed in accordance with work schedules provided for herein and/or set forth as incomplete or outstanding items as provided for in Section 6.14 herein, and that the improvement may be utilized by the public.

(p) "Surcharge Fee" a \$4.00 fee included in the approved rates for golf charged to the public and collected by the Licensee, in addition to the cost of each round of golf (or any other fees approved by Parks) through March 31, 2024. As of April 1, 2024, the Surcharge Fee will be \$5.00. The Surcharge Fee shall not be charged and collected (nor remitted to Parks) on rounds played by Juniors. Parks and Licensee agree and acknowledge that the Surcharge Fee shall be fixed at \$5.00 starting April 1, 2024 and remain at \$5.00 throughout the Term.

(q) "Surcharge Payment" the payment to Parks by the Licensee of all of the Surcharge Fees collected by the Licensee.

(r) "Year" or "Operating Year" shall both refer to the period between the Commencement Date (or its anniversary in any year other than Year 1) and the day before the anniversary of such date in the immediately following calendar year.

3. TERM OF LICENSE

3.1 This License shall become effective upon Parks giving the Licensee a written Notice to Proceed following registration with the Comptroller. The Term of the Concession shall commence upon the date in the written Notice to Proceed ("Commencement Date"), and shall terminate no later than twenty (20) years from the Commencement Date ("Termination Date" or "Expiration Date"). The period between the Commencement Date and Termination Date shall be the License Term ("Term"). Licensee may not commence business operations at the Licensed Premises prior to the Commencement Date.

3.2 Notwithstanding any language contained herein, this License is terminable at will by the Commissioner at any time; however any such termination will not be exercised in an arbitrary and capricious manner. For purposes hereof, Parks and Licensee agree that termination by the

Commissioner will not be considered arbitrary or capricious where, for example, a determination has been made by the Commissioner that the Licensed Premises is needed for an alternative park-related use. The Commissioner shall not terminate this License solely for the purpose of issuing a new license to another party, including to another party at a higher license fee, for the operation of a golf course facility at the Licensed Premises; provided, however, that if the Commissioner terminates this License because the Licensee is unable to operate because of staffing issues, it shall not be considered arbitrary or capricious for the Commissioner to terminate and issue a new license to operate a golf course facility at the Licensed Premises. However, the above is not an exhaustive list of reasons that termination by the Commissioner will be considered non-arbitrary or capricious. Such termination shall be effective after twenty-five (25) days written notice is sent to Licensee. The Commissioner, the City, its employees and agents shall not be liable for damages to Licensee in the event that this License is terminated by Commissioner as provided for herein.

3.3 Parks may terminate this License for cause as follows:

(a) Should Licensee breach or fail to comply with any of the provisions of this License or any Federal, State or local law, rule, regulation or order affecting this License or the Licensed Premises with regard to any and all matters, Commissioner shall in writing order Licensee to remedy such breach or comply with such provision, law, rule, regulation or order, and in the event that Licensee fails to comply with such written notice or commence, in good faith and with due diligence, efforts to comply with such order within thirty (30) days from the mailing or facsimile transmission thereof, subject to unavoidable delays beyond the reasonable control of Licensee, then this License shall immediately terminate. In the event such breach or failure to comply cannot be remedied within such thirty (30) day period due to reasons beyond Licensee's control, the cure period shall be extended for such period as may be reasonably necessary in the Commissioner's judgment to cure such breach. If said breach or failure to comply is corrected, and a repeated violation of the same provision, law, rule, regulation or order follows thereafter, Commissioner, by notice in writing, may revoke and terminate this License, such revocation and termination to be immediately effective on the mailing thereof.

(b) The following shall constitute events of default for which this License may be terminated on three (3) days' notice: the appointment of any receiver of Licensee's assets; the making of a general assignment for the benefit of creditors; the occurrence of any act which operates to deprive Licensee permanently of the rights, powers and privileges necessary for the proper conduct and operation of this License; the levy of any attachment or execution which substantially interferes with Licensee's operations under this License and which attachment or execution is not vacated, dismissed, stayed or set aside within a period of sixty (60) days.

(c) Nothing contained in paragraphs (a) or (b) above shall be deemed to imply or be construed to represent an exclusive enumeration of circumstances under which Commissioner may terminate this License.

3.4 Upon expiration or sooner termination of this License by Commissioner, all rights of Licensee herein shall be forfeited without claim for loss, damages, refund of investment or any other payment whatsoever against Commissioner, Parks or City or its employees and agents.

3.5 In the event Commissioner terminates this License for reasons related to Paragraphs 3.3 above, any property of the Licensee on the Licensed Premises may be held and used by Commissioner in order to operate the License during the balance of the calendar year and may be

held and used thereafter until all indebtedness of the Licensee hereunder, at the time of termination of this License, is paid in full.

3.6 Licensee agrees that upon the expiration or sooner termination of this License, it shall immediately cease all operations pursuant to this License and shall vacate the Licensed Premises without any further notice by City and without resort to any judicial proceeding by the City. Upon the expiration or sooner termination of this License, City, in accordance with law, reserves the right to take immediate possession of the Licensed Premises.

3.7 Licensee shall, upon the expiration or sooner termination of this License, remove all personal possessions from the Licensed Premises (unless the Commissioner provides notice to the Licensee that Parks intends to hold such property pursuant to Section 3.5) and leave the Licensed Premises in as good or better condition as at the Commencement Date, reasonable wear and tear excepted. Licensee acknowledges that any personal property remaining on the Licensed Premises after the expiration or sooner termination of this License is intended by Licensee to be abandoned, unless the Commissioner pursuant to Section 3.5 holds such property. Licensee shall remain liable to the City for any damages, including lost revenues and the cost of removal or disposal of property, should Licensee fail to remove all possessions from the Licensed Premises during the time prescribed in this Agreement. Pursuant to Section 4.4 herein, City may use the Security Deposit to recover such damages in part or in whole.

3.8 If this License is terminated as provided herein, and/or upon the expiration of the License, Parks may, without notice, re-enter and repossess the Licensed Premises using such force for that purpose as may be necessary without being liable to indictment, prosecution or damages therefor and may dispossess Licensee by summary proceedings or otherwise, without court order or other judicial approval.

3.9 If this License is terminated as provided in Section 3.3 hereof:

(a) Parks may draw down on the Security Deposit in accordance with Section 4.4; and

(b) Licensee shall pay to Parks all fees payable under this License Agreement by

Licensee to Parks to the Termination Date and Licensee shall remain liable for fees thereafter falling due on the respective dates when such fees would have been payable but for the termination of this License Agreement, provided the Licensed Premises are not re-licensed or re-permitted, which Parks shall extend its reasonable efforts to accomplish, at an equal or higher fee (if at a lower fee, then only the net difference shall be owed by Licensee); and

(c) Parks may complete all repair, maintenance and construction work required to be performed by Licensee hereunder and may repair and alter any portion(s) of the Licensed Premises in such manner as Parks may deem necessary or advisable without relieving Licensee of any liability under this License Agreement or otherwise affecting any such liability, and/or relicense the Licensed Premises or any portion thereof for the whole or any part of the remainder of the Term or for a longer period. Parks shall in no way be responsible or liable for any failure to relicense any portion(s) of the Licensed Premises or for any failure to collect any fees due on any such relicensing, and no such failure to relicense or to collect fees shall operate to relieve Licensee of any liability under this License Agreement or to otherwise affect any such liability.

3.10 No receipt of moneys by Parks from Licensee after the termination of this License Agreement, or after the giving of any notice of the termination of this License Agreement, shall reinstate, continue or extend the Term or affect any notice theretofore given to Licensee, or operate as a waiver of the right of Parks to enforce the payment of fees payable by Licensee hereunder or thereafter falling due, or operate as a waiver of the right of Parks to recover possession of the Licensed Premises by proper remedy. After the service of notice to terminate this License Agreement or the commencement of any suit or summary proceedings or after a final order or judgment for the possession of the Licensed Premises, Parks may demand, receive and collect any moneys due or thereafter falling due without in any manner affecting the notice, proceeding, order, suit or judgment, all such moneys collected being deemed payments on account of the use and occupation of the Licensed Premises or, at the election of Parks, on account of Licensee’s liability hereunder.

3.11 In the event this License Agreement is terminated, Parks will not reimburse Licensee’s unamortized capital improvement cost.

4. PAYMENT TO CITY

4.1 Licensee shall make payments to the City for each Operating Year, consisting of the Surcharge Payment **plus** the annual minimum fee plus the annual percentage of gross revenue derived from the operation of the Licensed Premises (see Section 4.5 below) as set forth below:

YEAR	SURCHARGE PAYMENT	ANNUAL MINIMUM FEE	Plus ANNUAL PERCENTAGE OF GROSS RECEIPTS

4.2 (a) The minimum annual fee for each Operating Year shall be paid to the City in twelve (12) equal monthly installments on or before the first day of each month of each Operating Year in accordance with the Schedule of Minimum Annual Fee Payments to be provided by Parks upon its giving Notice to Proceed. Each monthly payment is due and payable on the date specified on the Schedule of Minimum Annual Fee Payments regardless of whether Licensee has received a bill for it from Parks. If at any time Licensee’s percentage fee for a particular Operating Year becomes applicable, Licensee shall thereafter for the remainder of such Operating Year pay the percentage fee on the thirtieth (30th) day of each month for the prior month’s Gross Receipts. The Surcharge Fee is included in the approved rates set forth in **Exhibit C** and the Surcharge Payment shall be paid by Licensee to City. The Surcharge Payment is separate from, and in addition to, the guaranteed annual minimum fee. The calculation of percentage fees payable to the City shall be based on gross revenue exclusive of the Surcharge Payment. Parks and Licensee agree and acknowledge that, the Surcharge Fee will be \$5 beginning April 1, 2024, and that the Surcharge Fee shall be fixed at \$5.00 throughout the Term, regardless of any increases to the golf fees throughout the Term.

(b) On or before the thirtieth (30th) day following each month of each Operating year, Licensee shall submit to Parks, in a format acceptable to Parks, a report of rounds of golf played at the golf course during the preceding month, with per round Surcharge Payment, signed and verified by an officer of Licensee.

4.3 Late charges shall be assessed on any payment that is overdue for more than ten days. In the event that payment of any License fees, percentage fees or any other charges shall become overdue for ten days following the date on which such fees are due and payable as provided in this License, a late charge of two percent (2%) per month on the sums so overdue (computed on a thirty day month) from the date they were due and payable shall become immediately due and payable to Parks as liquidated damages for the administrative cost and expenses incurred by Parks by reason of Licensee's failure to make prompt payment, and said late charges shall be payable by Licensee without notice or demand. For example, a monthly payment, in the amount of \$1,000.00, due on the 1st day of the month must be received no later than the 10th day of the month. If no payment is received, a 2% late charge in the amount of \$20.00 will be assessed on the 11th day of the month. If such late fee(s) and all arrearages (including prior two percent (2%) charges) are not paid in full by the 10th day of the month following the month in which it shall be due, or is already past due, an additional charge of two percent (2%) of the total of such fee and arrears shall be added thereto and shall be payable and collectable with the next monthly license fee installment. Failure to abide by the terms of this Article shall be presumed to be a failure to substantially comply with the terms, conditions and covenants of this License Agreement and shall be a default hereunder. No failure by Commissioner to bill Licensee for late charges shall constitute a waiver by Commissioner of such late charges or the right to enforce the provisions of this Article. If any local, state or federal law or regulation which limits the rate of interest which can be charged pursuant to this Article is enacted, the rate of interest set forth in this Article shall not exceed the maximum rate permitted under such law or regulation.

4.4 (a) Upon affixing its signature to this License, Licensee shall deposit with the City the amount of \$6,250 (Six Thousand two hundred fifty Dollars) as its security deposit ("Security Deposit"). The Security Deposit may be in the form of an interest-bearing instrument or other format approved by Parks. In the event the Security Deposit is in the form of an interest-bearing instrument, Licensee may collect or receive any interest earned on such instrument. The Security Deposit shall be held by the City as security for the full, faithful and prompt performance of and compliance with each and every term and condition of this License to be observed and performed by the Licensee. The Security Deposit shall remain with the City throughout the Term of this License.

(b) The City shall not be obligated to place or to keep cash deposited hereunder in interest-bearing bank accounts.

(c) If any fees or other charges or sums payable by Licensee to the City shall be overdue and unpaid or should the City make payments on behalf of the Licensee, or should the Licensee fail to perform any of the terms of this License, including but not limited to the completion of the minimum capital improvement requirement as set forth in Section 6.1, then Parks may, at its option, and without prejudice to any other remedy which the City may have on account thereof, after ten days' notice, appropriate and apply the Security Deposit or as much thereof as may be necessary to compensate the City toward the payment of License fees, late charges, liquidated damages or other sums due from the Licensee or towards any loss, damage or expense sustained by the City resulting from such default on the part of Licensee. In such event, the Licensee shall restore the Security Deposit to the original sum deposited within five (5) business days after written demand therefor. In the event Licensee shall fully and faithfully comply with all of the terms, covenants and conditions of this License and pay all License fees and other charges and sums payable by Licensee to the City, the Security Deposit shall be returned to Licensee upon the

surrender of the Licensed Premises by the Licensee in compliance with the provisions of this License.

4.5 (a) On or before the thirtieth (30th) day following each month of each Operating Year, Licensee shall submit to Parks, in a form annexed hereto as **Exhibit B** or other form satisfactory to Parks, a statement of Gross Receipts, signed and verified to be true and correct by an officer of Licensee, reporting any Gross Receipts generated under this License Agreement during the preceding month. Each of the reports of Gross Receipts shall report Gross Receipts generated at the Licensed Premises in the following categories:

Simultaneously with its monthly report of Gross Receipts, Licensee shall also submit to Parks the report of rounds of golf played and Surcharge Payment in the form annexed hereto as **Exhibit B-1**.

(b) Licensee shall indicate on its statement of Gross Receipts whether or not these amounts are inclusive of sales tax collected.

(c) Licensee is solely responsible for the payment of all federal, state and local taxes applicable to the operation of the Licensed Premises. With the exception of federal, state and City sales tax, no such applicable taxes, including but not limited to the New York City Commercial Rent Tax (if applicable), may be deducted from Gross Receipts or from the compensation due under this License. The Licensee may not deduct fees paid for credit card transactions from monthly statements of Gross Receipts.

4.6 On or before the sixtieth (60th) day following the end of each Operating Year, Licensee shall submit to Parks a detailed income and expense statement pertaining to operations under this License, signed and verified by an officer of Licensee. The reports referenced in the preceding sentence shall be in a format approved by Parks.

4.7 (a) Licensee, during the Term of this License, shall maintain, and shall cause any sublicensee to maintain, a revenue control system to ensure the accurate and complete recording of all revenues, in a form and manner acceptable to the City. This revenue control system must maintain detailed sales information from each sales transaction. Specifically, sales information must be recorded electronically, via a computerized point-of-sale system, and must include, but is not limited to, details on each sales transaction, the item(s) sold, time, date of sale and price of the item sold. Regarding Licensee’s Special Events, Licensee must also document each of Licensee’s Special Events via signed sequentially pre-numbered contracts that capture event information, including the time and date of the event, the number of attendees and required payment. Licensee shall also establish a dedicated bank account for all deposits related to this concession’s generated revenue. Additionally, all books and records maintained pursuant to this License Agreement shall be conveniently segregated from other business matters of Licensee and shall include, but not be limited to: all federal, state and local tax returns and schedules of the Licensee; records of daily bank deposits of the entire receipts from transactions in, at, on or from the Licensed Premises; sales slips, daily dated cash register receipts, and sales books; and duplicate bank deposit slips and

bank statements. All accounting and internal control related records shall be maintained for a minimum of ten (10) years after the date of creation of the record.

(b) Licensee shall use such accounting and internal control methods and procedures and keep such additional books and records as may be reasonably prescribed by Parks and/or the Comptroller, and Parks and/or the Comptroller shall have the right to examine the recordkeeping procedures of the Licensee prior to the commencement of the Term of this License, and at any time thereafter, in order to assure that the procedures are adequate to reveal the true, correct and entire business conducted by the Licensee. Licensee shall maintain each year's records, books of account and data for a minimum of ten (10) years after the date of creation of the record.

(c) The failure or refusal of the Licensee to furnish any of the statements required to be furnished under this Article within thirty (30) days after its due date, the failure or refusal of the Licensee to maintain adequate internal controls or to keep any of the records as reasonably required by this Article, or the existence of any unexplained discrepancy in the amount of fees required to be due and paid hereunder, as disclosed by audit conducted by Parks and/or the Comptroller, of more than five percent (5%) in any two (2) out of three (3) consecutive months or more than ten percent (10%) in one month, shall be presumed to be a failure to substantially comply with the terms and conditions of this License and in the event similar discrepancies occur again it shall be considered a default hereunder, which shall entitle Parks, at its option, to terminate this License. In addition, the failure or refusal of Licensee to furnish the required statements, to keep the required records or to maintain adequate internal controls shall authorize Parks and/or the Comptroller to make reasonable projections of the amount of Gross Receipts which would have been disclosed had the required statements been furnished or the required records maintained, based upon such extrinsic factors as the auditors deem appropriate in making such projections. With respect to audits or other reviews conducted by Parks pertaining to the calculation of percentage of Gross Receipts payments during a period with missing or lost records, Parks may, at its sole discretion, use the highest grossing month over the past five (5) years (multiplied by the applicable CPI) to replace any missing monthly records, provided that the prior year's month is the same month for which records are missing. For example, if April 2027's Gross Receipts are missing and the highest April Gross Receipts occurred in April 2024, then April 2027's "revised" Gross Receipts shall be calculated using April 2024's figures multiplied by the applicable CPI increases during that period. Licensee shall pay any assessment based upon such reasonable projections by Parks or the Comptroller within fifteen (15) days after receipt thereof, and the failure to do so shall constitute an additional substantial violation of this License and a default hereunder.

4.8 In the event Parks reasonably determines that Licensee or Licensee's employees, agents, sublicensees, or subcontractors have breached any of the provisions contained in Sections 4.1 through 4.7 hereinabove, Licensee may be subject to a charge of five hundred dollars and zero cents (\$500.00) with respect to each incident of breach as liquidated damages, provided that Licensee has been given reasonable notice of such breach and has failed to cure within thirty (30) days of such notice.

4.9 License fees shall be made payable to the City of New York Department of Parks & Recreation and delivered or mailed in time to arrive by the due date at the following address:

City of New York Department of Parks & Recreation
Revenue Division
The Arsenal - Room 407

830 Fifth Avenue
New York, NY 10065

5. RIGHT TO AUDIT

5.1 Parks, the Comptroller and other duly authorized representatives of the City shall have the right to examine or audit the records, books of account and data of the Licensee for the purpose of examination, audit, review or any purpose they deem necessary. Licensee shall also permit the inspection by Parks, Comptroller or other duly authorized representatives of the City of any equipment used by Licensee, including, but not limited to, cash registers and recording machines, and all reports or data generated from or by the equipment. Licensee shall cooperate fully and assist Parks, the Comptroller or any other duly authorized representative of the City in any examination or audit thereof. In the event that the Licensee's books and records, including supporting documentation, are situated at a location fifty (50) miles or more from the City, the records must be brought to the City for examination and audit or Licensee must pay the food, board and travel costs incidental to two (2) auditors conducting such examination or audit at said location.

5.2 The failure or refusal of the Licensee to permit Parks, the Comptroller or any other duly authorized representative of the City to audit and examine the Licensee's records, books of account and data or the interference in any way by the Licensee in such an audit or examination is presumed to be a failure to substantially comply with the terms and conditions of this License and a default hereunder which shall entitle Parks to terminate this License.

5.3 Notwithstanding the foregoing, the parties hereto acknowledge and agree that the powers, duties, and obligations of the Comptroller pursuant to the provisions of the New York City Charter shall not be diminished, compromised or abridged in any way.

6. CAPITAL IMPROVEMENTS

6.1 (a) Licensee shall expend or cause to be expended during the Term of this License a minimum of \$910,000 (Nine hundred and ten thousand dollars) for Capital Improvements as defined in Section 2.1(b) herein. This \$910,000 minimum shall be comprised of a \$660,000 fixed commitment plus the greater of \$250,000 (two hundred fifty thousand dollars) and 1% of gross receipts. The \$250,000 or 1%, whichever is greater, shall be placed into a Capital Reserve Fund. Further described in Section 6.21 and 6.22 below. The architectural and design fees necessary to implement the Capital Improvements shall be included in the foregoing amount, but not the Design Review Fee referenced in Section 6.2 herein. Such Capital Improvements shall include, but are not limited to, the items listed in the Schedule of Capital Improvements attached hereto as **Exhibit D**. Licensee shall perform and complete all such Capital Improvements in accordance with designs and plans approved by Parks and other government agencies having jurisdiction. Notwithstanding the foregoing, Licensee is permitted to make additional Capital Improvements, provided, however, Licensee first obtains the express written consent of the Commissioner, which shall not be unreasonably withheld. All Additional Fixed Equipment and Expendable Equipment applied toward the Capital Improvements required in this Section 6 shall become the property of Parks upon installation, at Parks' option.

(b) Licensee must provide Americans with Disabilities Act (“ADA”) accessibility throughout the Licensed Premises, including, but not limited to, installing ADA accessible counters in the food service facility area, installing ramps, as needed, and providing ADA signage. Licensee shall comply with all City, State, and Federal requirements to provide safe and accessible recreational opportunities for everyone, including persons with disabilities. Licensee is encouraged to exceed accessibility requirements whenever possible, and not simply provide the minimum level required. Licensee will make available a disability accessible golf cart to golfers upon 48-hours advanced notice.

6.2

(a) Upon affixing its signature to this License Agreement, Licensee shall pay to the City the amount of \$9,100 (nine thousand and one hundred dollars) representing one percent (1%) of the cost of the minimum guaranteed Capital Improvements described in Section 6.1 above, as a fee for design review by Parks personnel (the “Design Review Fee”).

(b) To guarantee prompt payment of moneys due to a contractor or his or her subcontractors and to all persons furnishing labor or materials to the contractor or his or her subcontractors in the prosecution of any Capital Improvement Project with an estimated cost exceeding two hundred fifty thousand dollars (\$250,000.00), Licensee shall post or cause to be posted a payment bond or other form of undertaking approved by Parks in the amount of one hundred percent (100%) of the cost of such Capital Improvement Project before commencing such work. Such bond or other undertaking shall be in a form acceptable to Parks. For purposes of this provision, a “Capital Improvement Project” shall mean a set of Capital Improvements that are reasonably related in time and purpose as determined by Parks in its sole discretion. In the event that Licensee does not post or cause to be posted a payment bond as required hereunder, the following undertaking will satisfy the requirements of this Section 6.2(c): (i) Licensee guarantees payment in accordance with the provisions of **Exhibit G**, attached hereto and made a part hereof; and (ii) Licensee causes payment bonds to be posted by all contractors of Licensee and their subcontractors guaranteeing prompt payment of moneys due to all persons furnishing labor or materials to such contractors or subcontractors in the prosecution of the Capital Improvement Project.

6.3 The total cost of the Capital Improvements shall be determined by the Commissioner based upon construction documents, invoices, labor time sheets, canceled checks, credit card receipts, bank statements, and such other supporting documents or other data as the Commissioner may reasonably require. Expenditures for ordinary repairs and maintenance shall not be considered Capital Improvements; however, expenditures for Capital Improvements reflected in **Exhibit D** shall be included in the total cost in addition to architectural/engineering fees incurred by the Licensee. In making the determination of the total cost of Capital Improvements, Commissioner may request any information he reasonably believes would be helpful to make such a determination. Licensee shall forward such information to the Commissioner upon the Commissioner’s request. Licensee shall spend or cause to be expended the entire amount required to complete the Capital Improvements described in Section 6.1, including any amount needed above any estimated cost shown. In the event Licensee performs all Capital Improvements for less than the amount listed in Section 6.1 herein, any excess monies will be remitted to the City as additional License fees. If Licensee fails to expend the amount listed in Section 6.1 herein by the date of expiration or sooner termination of this License, the City may also require any unexpended

monies to be remitted to the City as additional License fees. Parks reserves the right to determine whether certain repairs and material purchases can be accepted as capital improvements.

6.4 Licensee shall proceed in good faith and with due diligence to complete all necessary Capital Improvements in accordance with the schedule set forth in **Exhibit D**. Licensee shall complete or cause to be completed all Capital Improvements so that the services to the public contemplated herein may commence and continue, unless such work cannot be completed due to circumstances beyond the control of Licensee as determined by the Commissioner, including acts of God, war, enemies or hostile government actions, pandemics, epidemics; other states of emergency declared by the City, State or Federal government, revolutions, insurrection, riots, civil commotion, strikes, fire or other casualty and supply chain issues for certain required equipment and products necessary for the completion of the Capital Improvements (“Excused Delay”). In such situations, the Licensee shall propose for the Commissioner’s approval (which shall not be unreasonably withheld) a revised completion schedule and if approved, Licensee shall complete such Capital Improvements in accordance with such approved revised schedule. In the event Licensee fails to finally complete a particular improvement by the date specified for completion in **Exhibit D**, Licensee may be required to pay the City liquidated damages of One Hundred Dollars (\$100.00) per day until the outstanding improvement is completed, provided that such failure is not the result of delay by Parks or any City, state, or federal permitting authority and provided further that Parks has given Licensee a notice to cure such failure to complete and Licensee has failed to cure within the period specified in such notice. In the event of any delay by Parks or any City, state, or federal permitting authority, the date specified for completion of the item affected by the delay shall be adjusted to reflect the duration of such delay. Licensee’s failure to comply with the schedule for Capital Improvements for a period of thirty (30) days following written notice shall constitute a default upon which Commissioner may terminate this License Agreement by giving thirty (30) days’ written notice. In the event of unforeseen circumstances that could not have been reasonably anticipated affecting construction conditions at the Licensed Premises, the scope of the work and the nature of the particular project may be modified with the prior written approval of Parks, provided that in no event shall Licensee expend or cause to be expended less than \$910,000 (nine hundred and ten thousand dollars) for Capital Improvements.

6.5 Licensee shall pay all applicable fees and shall submit to Parks, the New York City Department of Buildings (“DOB”), the New York City Public Design Commission, and all other agencies having jurisdiction, for prior written approval, all designs, plans, specifications, schematics, working and mechanical drawings, which shall be signed and sealed by a registered architect or licensed professional engineer, who will oversee the entire construction project. Licensee shall submit the architect’s or engineer’s qualifications to Parks for prior written approval. All designs, plans, specifications, schematics, and working and mechanical drawings shall be in such detail as Parks shall require. All necessary permits and approvals for capital work must be obtained from DOB, including, but not limited to, obtaining a construction permit, Certificate of Occupancy, public assembly permit and letters of no objection, as needed. All designs, outdoor signage, capital work and construction will require prior written approval from Parks, the Public Design Commission of the City of New York, the New York State Historic Preservation Office, the New York City Landmarks Preservation Commission (if applicable), DOB and any other agency having jurisdiction. All designs and construction to be performed on the structure shall be prepared by licensed architects or engineers and will require prior written

approval from Parks. All work shall be undertaken in accordance with the plans, specifications, schematics, and working and mechanical drawings approved in writing in advance by Parks. The supervising architect or engineer is required to ensure that all construction conforms to the plans approved by Parks. The Licensee shall be required to provide Parks with all plans and specifications upon completion of the construction documents. No Capital Improvement shall be deemed Finally Completed until the Commissioner certifies in writing that the Capital Improvement has been completed to the Commissioner's satisfaction. The Commissioner's determination as to whether the Capital Improvements are Finally Complete shall not be unreasonably delayed.

6.6 At Parks' request, upon certification by Parks of Final Completion by Licensee of the Capital Improvements required herein, Licensee shall provide Parks with one complete set of final, approved "AS-DESIGNED" plans in a format reasonably acceptable to Parks. Acceptable manual drafting methods include ink or plastic film pencil. Right reading fixed line photo on 4 millimeter Mylar may be substituted for original drawings. If the fixed line photo process is used, the resultant film negative must be submitted with the drawings. CADD-generated drawings must be printed right-reading with either a pen or ink jet plotter. Drawings produced by diazo, electrostatic (i.e. Xerographic), laser, copy press (i.e. OCE), or other means utilizing toner will not be accepted. All "AS-DESIGNED" drawings submitted must be so labeled. Each drawing shall contain the name, address & telephone number of the Architect / Engineer and the Contractor. Each drawing shall also include the Parks property number, Block and Lot numbers for the Parks facility in which the work was performed, to the extent such information is available, and, if applicable, the DOB approval / application number.

6.7 For any Capital Improvements commenced under this License, Licensee shall apply for applicable licenses from Parks' Revenue Division prior to commencement of work. Licensee shall commence Capital Improvements only after the issuance of a construction license from Parks and a building permit issued by the DOB, insofar as it has jurisdiction over Capital Improvements. Licensee shall also, prior to commencing work, obtain all other necessary governmental approvals, permits, and licenses. Licensee will also be responsible for obtaining, amending and complying with the Certificate of Occupancy, sign-offs, public assembly permits, Department of Health and Mental Hygiene ("DOHMH") permits, fire department certificates and all other permits and approvals including, but not limited to, New York City Department of Environmental Protection ("DEP"), New York State Department of Environmental Conservation, New York State Historic Preservation Office, New York City Landmarks Preservation Commission and/or other government agency approvals and permits necessary for any alterations to the existing premises. Licensee shall notify Commissioner of the specific date on which construction shall begin.

6.8 Licensee shall perform all Capital Improvements in accordance with all federal, state, and City laws, rules, regulations, orders, and industry standards, and with materials as set forth in the approved plans, specifications, schematics, working and mechanical drawings. All equipment and materials installed as part of the Capital Improvements shall be new or like-new, free of defects, of high grade and quality, suitable for the purpose intended and furnished in ample quantities to prevent delays. If available, Licensee shall obtain, in Licensee's name, all manufacturer's warranties and guarantees for all such equipment and materials included in its Capital Improvements, as applicable. Licensee shall assign to the City all guarantees and other

warranties with respect to any portion of the Licensee's Capital Improvements when and if, as set forth in this License Agreement, the City exercises its option to take title to such equipment and materials, as may be requested by the City from time to time. Licensee shall execute and deliver to the City any documents reasonably requested by the City in order to enable the City to enforce such guarantees and warranties or exercise other rights or remedies. All of the City's rights and title and interest in and to said manufacturers' warranties and guaranties may be assigned by the City to any subsequent licensees of the Licensed Premises.

6.9 As required by Section 24-216 of the New York City Administrative Code, devices and activities which will be operated, conducted, constructed or manufactured pursuant to this License and which are subject to the provisions of the New York City Noise Control Code (the "Code") shall be operated, conducted, constructed or manufactured without causing a violation of such Code. Such devices and activities shall incorporate advances in the art of noise control developed for the kind and level of noise emitted or produced by such devices and activities in accordance with regulations issued pursuant to federal, state, and City laws, rules, regulations and orders.

6.10 Unless otherwise provided, Licensee shall choose the means and methods of completing the Capital Improvements unless Commissioner reasonably determines that such means and methods constitute or create a hazard to the Capital Improvements or to persons or property or will not produce finished Capital Improvements.

6.11 No temporary storage or other ancillary structures and staging areas may be erected and maintained without Parks' prior written approval.

6.12 All trees that fall within NYC Parks jurisdiction are protected by law from any and all damage thereto including but not limited to any incidental damages, damage to the canopy, or damage to the trunk or root zone during and in the course of any and all construction activities, and also the aftermath of any and all construction activities. Trees may not be cut down, pruned, or removed from the licensed premises without prior written approval from Parks in the form of a Forestry permit. Any attachments to the trees, such as lights, will not be permitted without prior written approval from Parks. More information on Tree Work permits can be found here: <https://www.nycgovparks.org/services/forestry/tree-work-permit> Licensee shall report dead and diseased trees to Parks and upon Parks' request will remove them.

6.13 During performance of the Capital Improvements and up to the date of Final Completion, Licensee shall be responsible for the protection of the finished and unfinished Capital Improvements against any damage, loss or injury. In the event of such damage, loss or injury, Licensee shall promptly replace or repair such Capital Improvements at its sole cost and expense.

6.14 Licensee shall provide written notice to Commissioner when it believes that the Capital Improvements are Substantially Completed. After receiving such notice, Commissioner shall inspect such Capital Improvements within a reasonable timeframe. After such inspection Commissioner and Licensee shall jointly develop a single final list of incomplete and outstanding items incorporating all findings from such inspection concerning all work not completed to the satisfaction of the Commissioner. Licensee shall proceed with diligence to complete all items on that list within a reasonable time as determined by the Commissioner.

6.15 Licensee, within three (3) months of Substantial Completion, shall furnish the Commissioner with a certified statement, issued by Licensee, detailing the actual costs of construction. Accompanying such statement shall be construction documents, bills, invoices, labor time books, accounts payable, daily reports, bank deposit books, bank statements, checkbooks and canceled checks. Licensee shall maintain accurate books and records of account of construction costs, which shall be segregated from other accounts, and shall itemize and specify those costs attributable to the Licensed Premises to permit audit by Parks or the New York City Comptroller upon request.

6.16 Licensee shall provide Parks with discharges for any and all liens which may be filed or levied against the Capital Improvements during construction of such improvements. Licensee shall use its best efforts to discharge such liens within thirty (30) business days of receipt of lien by Licensee.

6.17 Licensee shall promptly repair, replace, restore, or rebuild, as the Commissioner reasonably may determine, items of Capital Improvements in which defects in materials, workmanship or design may appear or to which damages may occur because of such defects, during the one year period subsequent to the date of the Final Completion of such Capital Improvements. Failure to comply with this Section 6.17 shall constitute a default and may result in the termination of this License.

6.18 Neither Parks, nor the City, nor the agencies, officers, agents, employees or assigns thereof shall be bound, precluded or estopped by any determination, decision, approval, order, letter, payment or certificate made or given under or in connection with this License by the City, the Commissioner, or any other officer, agent or employee of the City, before the Final Completion and acceptance of the Capital Improvements, from showing that the Capital Improvements or any part thereof do not in fact conform to the requirements of this License and from demanding and recovering from the Licensee such damages as Parks or the City may sustain by reason of Licensee's failure to perform each and every part of this License in accordance with its terms, unless such determination, decision, approval, order, letter, payment or certificate shall be made pursuant to a specific waiver of this Section 6.18 signed by the Commissioner or his authorized representative.

6.19 Upon installation, title to all construction, renovation, improvements, and fixtures made to the Licensed Premises as well as to all furnishings, finishes, and equipment accepted by Parks as Capital Improvements shall vest in and thereafter belong to the City at the City's option, which may be exercised at any time after the Substantial Completion (and prior to expiration or termination of the License) of their construction, renovation, improvement, affixing, placement or installation. To the extent the City chooses not to exercise its option with respect to any of the construction, renovation, improvements, equipment or fixtures made to the Licensed Premises, it shall be the responsibility of Licensee, at the termination or expiration of this License, to remove such equipment and restore the Licensed Premises to the satisfaction of the Commissioner at the sole cost and expense of the Licensee.

6.20 Prior to the commencement of any construction, Licensee shall have an asbestos inspection performed on the existing structures at the Licensed Premises to the extent required by the Department of Buildings (DOB) or other applicable authority. In the event that asbestos removal is deemed necessary, Licensee will remove the asbestos, at its sole cost and expense, according to City, State and Federal regulations; however, the cost of the removal shall be credited to the Licensee's capital improvement obligation under this License.

6.21 (a) Licensee shall establish a fund (the "Capital Reserve Fund") with an institutional lender selected by Licensee that shall be available exclusively to pay for additional Capital Improvements and major repairs at the Licensed Premises ("Eligible Work"), but not for ordinary maintenance or routine, minor repairs within thirty (30) days after the end of each six month period and during the remaining Term of this License thereafter, Licensee shall make a deposit into the Capital Reserve Fund an amount equal to the greater of \$6,250 or 1% of its six-month gross receipts, of Gross Receipts for the immediately preceding six months. Such Capital Reserve Fund deposits may not be deducted from Gross Receipts. The Capital Reserve Fund shall be expended to depletion during the Term of this License for the purposes outlined herein and for projects mutually agreeable to Parks and Licensee.

(b) Licensee shall provide to Parks, an annual report detailing the deposits and balance of the Capital Reserve Fund. In addition, the reports shall include all disbursements from the Capital Reserve Funds as well as the Eligible Work financed by such disbursements. All Eligible Work that constitutes Capital Improvements shall be subject to Parks' approval as set forth in this Article 6.

(c) At Parks' request and on 30 days' notice, Licensee shall remit funds from the Capital Reserve Fund as additional license fees. In the event Capital Reserve Fund deposits are remitted as additional license fees, and the Capital Reserve Fund is exhausted (or otherwise insufficient to cover pending Eligible Work), Licensee may request to use future Capital Reserve Funds up to the amount remitted as additional license fees as to cover the costs of approved Eligible Work. If credits equaling the past amounts remitted as license fees plus future Capital Reserve Funds remain insufficient to cover the cost of Eligible Work, then Licensee may request credits against future years' license fees. For purposes of this provision, Licensee shall direct requests for license fee credits to Parks Chief of Concessions and to Parks Director of Concession Architecture & Development at such addresses provided to Licensee after the Notice to Proceed and updated as necessary by Parks. Parks shall respond to Licensee's request for a license fee credit within ten (10) business days following Licensee's delivery of such request. If Parks shall fail to respond to Licensee within such ten (10) business day period, then Licensee may deliver a second written notice to Parks requesting Parks' approval thereof. If Parks shall fail to respond to Licensee within five (5) business days after Licensee's delivery of said second notice, then the license fee credit shall be deemed approved.

(d) Upon the expiration or earlier termination of this License, Licensee shall not be entitled to retain the remainder of the Capital Reserve Fund. Such remaining funds shall be disbursed to Parks immediately following Licensee's surrender of the Licensed Premises in accordance with the terms of this License Agreement.

6.22 In the event that Licensee has proceeded in good faith but has been unable to obtain necessary governmental permits and approvals required to (i) permit the construction and operation of the Capital Improvements in a manner consistent with those set forth in Exhibit D

hereof, or (ii) otherwise permit the use and operation of the Licensed Premises in a manner consistent with this License Agreement, Parks and Licensee agree to enter into good faith negotiations to equitably adjust the terms of this License Agreement, including the terms of this Article 6.

7. ALTERATIONS

7.1 (a) Licensee may alter the Licensed Premises only in accordance with the requirements of subsection (b) of this Section. Alterations shall become property of City, at its option, upon their attachment, installation or affixing.

(b) In order to alter Licensed Premises, Licensee must:

(i) Obtain Commissioner's written approval (which shall not be unreasonably withheld) for whatever designs, plans, specifications, cost estimates, agreements and contractual understandings may pertain to contemplated purchases and/or work;

(ii) ensure that work performed and Alterations made on the Licensed Premises are undertaken and completed in accordance with submissions approved pursuant to section (i) of this Article, in a good and workmanlike manner, and within a reasonable time; and

(iii) notify Commissioner of completion of, and the making final payment for, any Alteration within ten days after the occurrence of said completion or final payment.

(c) Commissioner may, in the Commissioner's discretion, make repairs, alterations, decorations, additions or improvements to Licensed Premises at the City's expense, but nothing herein shall be deemed to obligate or require Commissioner to make any repairs, Alterations, decorations, additions, or improvements, nor shall this provision in any way affect or impair Licensee's obligation herein in any respect.

8. FIXED AND EXPENDABLE EQUIPMENT

8.1 Licensee shall, at its sole cost and expense and to the reasonable satisfaction of the Commissioner, provide, and replace if necessary, all equipment and materials necessary for the successful operation of this License, and put, keep, repair, preserve and maintain in good order all equipment found on, placed in, installed in or affixed to the Licensed Premises.

8.2 City has title to all Fixed Equipment on the Premises as of the date of Notice to Proceed. Title to any Additional Fixed Equipment and to all construction, renovation, or improvements made to the Licensed Premises shall vest in and belong to the City at the City's option, which option may be exercised at any time after the substantial completion of the affixing of said equipment or the substantial completion of such construction, renovation or improvement. To the extent the City chooses not to exercise such option, at the termination or expiration of this License, the Licensee shall, at its sole cost and expense and to the satisfaction of Commissioner, be responsible for removing such equipment and restoring the Licensed Premises to Parks in a condition as good as or better than at the commencement of this License Agreement.

8.3 Licensee shall supply at its own cost and expense all Expendable Equipment required for the proper operation of this License, including, but not limited to, personal kitchen equipment, tables and chairs, and office furniture, and repair or replace same at its own cost and expense when reasonably requested by Commissioner. Licensee must acquire and use for the purpose intended

11.1 (a) In conjunction with the Maintenance Operating standards as attached in **Exhibit H**, Licensee shall, at its sole cost and expense (or through arrangements with third parties), renovate, operate and maintain the Licensed Premises in good and safe condition and in accordance with industry standards. This includes, but is not limited to, the maintenance and repair of the entire Licensed Premises, all interior and exterior structures, building systems, restrooms utility systems and connections, sewer systems and connections, equipment, lighting, sidewalks, paved areas, vaults, gutters, curbs, and fixtures. In addition, Licensee must keep all signs and structures on the Licensed Premises in good condition and free of graffiti. The erecting of any ancillary structures at the Licensed Premises shall be subject to Parks' prior written approval.

(b) Licensee will be responsible for all year-round pruning, landscaping, maintenance and all general grounds maintenance at the Licensed Premises. Licensee shall take all necessary measures to ensure the durability of the golf course throughout the Term. Licensee shall provide an adequate number of annual and seasonal staff in order to maintain the course in excellent condition. In maintaining the course, Licensee shall use as guidelines the standards set by the United States Golf Association (USGA) for turf management and golf course maintenance, as well as best management practices to minimize the use of fertilizers, herbicides, and pesticides, particularly in areas near any water bodies including the ponds. Licensee is responsible for any necessary maintenance and repairs to the pond liner which are not covered by the liner warranty, as well as for dredging the detention and retention ponds within the Licensed Premises.

(c) Licensee shall, at its sole cost and expense, operate and maintain the existing irrigation system at the Licensed Premises in good and working order. This shall include the repair and replacement of all equipment and material as needed, including the booster pump system, lake lift pump system, electrical system, weather station, radio system, computer system, control,

decoder and/or satellite system, irrigation heads and lines, pump house structure and all other associated equipment and material in accordance with operation and maintenance manuals. Each fall, Licensee shall winterize the entire system, and, each spring, Licensee shall start up, pressurize and fill the system. Licensee shall repair any leaks, replace any damaged or missing irrigation heads, and maintain all equipment and pump houses in a clean and orderly manner. In addition, Licensee shall maintain the grounds and overflow structures, keeping them free from algae, debris and trash, and making repairs as needed. Licensee shall, at its sole cost and expense, retain the services of qualified technicians and/or service firms to fully comply with all provisions of the irrigation system's operation and maintenance manual, as issued by Flowtronex PSI Pumping Systems.

(d) Licensee shall maintain and improve the landscaping at the Licensed Premises. This shall include, but is not limited to, performing any seeding, trimming, pruning, planting, fertilization, terrain shaping, and soil improvements. In addition, any trees on the Licensed Premises shall be pruned by Licensee as needed. Licensee shall submit detailed plans to Parks of all horticultural and landscaping work to be performed. All work to be performed at the Licensed Premises is subject to Parks' prior written approval, which shall not be unreasonably withheld. In addition, Licensee shall obtain all necessary permits, approvals, and authorizations from all City, State, and Federal agencies having jurisdiction over the Licensed Premises before any work is performed, and such work shall be of a quality which meets Parks' standards. Licensee shall improve the horticultural amenities at the golf course by establishing planting areas for flowers, flowering shrubs, and flowering trees at strategic locations throughout the golf course, such as the entrance to the course, around the clubhouse, along the course perimeter, and at the tee boxes where necessary. All plans for horticultural improvements, including proposed locations and designs, as well as the types and approximate quantities of flowers, flowering shrubs, and flowering trees proposed for each planting area, are subject to Parks' prior written approval. Licensee shall adhere to all rules and regulations established by the United States Department of Agriculture, the New York State Department of Agriculture & Markets, and Parks concerning infestation control and treatment and general tree trimming and removal practices. Restrictions may apply for trees planted in areas that may be identified as quarantine zones because of the Asian Long Horned Beetle (*Anoplophora glabripennis*), an invasive beetle known to attack maple, horse chestnut, elm, willow, birch, poplar, and ash trees. Licensee shall not plant any species on the New York State Prohibited and Regulated Invasive Plants list: https://www.dec.ny.gov/docs/lands_forests_pdf/isprohibitedplants2.pdf

(e) Licensee shall promote water conservation measures at the facility by installing low water consumption toilets in construction of new restrooms; planting low-water tolerant species of shrubs, plants and flowers throughout the facility; watering the grounds very conservatively and only during peak evaporation times; and regularly check for leaks and upgrading the plumbing system throughout the facility.

(f) Licensee shall install Energy Star approved or other similarly efficient appliances and equipment.

(g) Licensee shall use "Green Seal" eco-friendly cleaning supplies, soaps, light bulbs, paint, paper products or other similarly efficient products.

(h) With prior written approval from Parks, Licensee shall develop and maintain "no mow zones" as part of Licensee's landscape and horticultural plans in order to expand the width of riparian buffers.

(i) Licensee shall diligently seek the South Shore Golf Course's status as set forth by the Audubon Cooperative Sanctuary Program for Golf Courses for accomplishment in sustainable natural resource management and environmental stewardship but can make no representation as to the amount of time it will take to obtain such certification.

(j) Licensee shall adhere to all rules and regulations established by the New York City Administrative Code, the New York State Department of Environmental Conservation ("NYSDEC") and the United States Army Corps of Engineers ("USACE") concerning the protection of wetlands and waters. Licensee shall remain in compliance with all rules and regulations established by the NYSDEC, the USACE, and the United States Environmental Protection Agency ("EPA").

11.2 Licensee shall, at its sole cost and expense, be responsible for maintenance of the parking lot. Such maintenance shall include repair work on curbs, including paving and striping. There are a limited number of parking spaces available at the Licensed Premises for facility staff and patrons. Licensee shall ensure that the number, placement, and specifications of all accessible spaces must comply with Americans with Disabilities Act ("ADA") guidelines as well as with all City, State, and Federal regulations, including striping and signage specifications. This expense shall be credited against the Capital obligations of the Licensee under this License. Licensee will be responsible for providing drainage in compliance with the NYSDEC Part 360 Permit for any additional parking spaces that the Licensee constructs. Licensee shall carefully monitor and record the number of cars that enter the parking lot at all times and ensure that the parking lot has a smooth traffic flow to available parking spaces and exit gates.

11.3 Licensee shall maintain the Licensed Premises to the satisfaction of the Commissioner. All such maintenance shall be performed by Licensee in a good and worker-like manner. In part to secure Licensee's obligation to maintain and repair the Licensed Premises, Licensee shall provide Parks with a Security Deposit as provided in Section 4.4(a).

11.4 At Parks' request, Licensee shall conduct site inspections at the Licensed Premises with a representative of Parks. Such inspections shall assess the condition of the Licensed Premises and all Fixed and Additional Fixed Equipment therein and determine the nature and extent of repairs to be performed by Licensee. Licensee shall make all necessary repairs during the Term.

11.5 Licensee shall be responsible for, at its sole cost and expense, clean-up and removal of all snow, waste, garbage, refuse, rubbish and litter from the Licensed Premises and the area within fifty (50) feet of the Licensed Premises. Licensee shall provide adequate and easily accessible waste and recycling receptacles, approved by Parks, and have these receptacles emptied on a daily basis and removed by a private carter. The location and placement of all waste and recycling receptacles is subject to Parks' prior written approval, which shall not be unreasonably withheld. Licensee shall comply with all City, State, and Federal regulations regarding recycling. In addition, Licensee shall demonstrate to Parks' satisfaction, through a detailed maintenance plan, that it will keep and maintain the Licensed Premises in excellent condition throughout Term.

11.6 At the expiration or sooner termination of this License, Licensee shall turn over the Licensed Premises and the Fixed and Additional Fixed Equipment to Parks in a well maintained state and in good repair, ordinary wear and tear excepted.

11.7 At its sole cost and expense, Licensee shall keep all signs and structures in good condition and shall remove any and all graffiti that may appear on the buildings and structures on the Licensed Premises during the Term hereof. Such graffiti removal shall be commenced promptly after the appearance of any such graffiti and shall continue until such graffiti is removed.

11.8 Licensee shall conduct regular pest control inspections and extermination, as needed. Under no circumstances may Licensee use a baiting system for pest control or extermination. To the extent Licensee applies pesticides to the Licensed Premises, Licensee, or any subcontractor hired by Licensee, shall comply with Chapter 12 of Title 17 of the New York City Administrative Code and limit the environmental impact of its pesticide use. Licensee shall adhere to all rules and regulations established by the New York City Administrative Code, the NYSDEC, and the US EPA concerning pesticide usage. All pesticide applications must be performed by licensed pesticide applicators, adhering to the principles and practices of an Integrated Pest Management (IPM) approach as defined by the US EPA.

11.9 For any vehicle fuel dispensing tanks or underground heating oil storage tanks over 1,100 gallon capacity, Licensee shall maintain up-to-date Petroleum Bulk Storage (“PBS”) registrations with the New York State Department of Environmental Conservation (“NYSDEC”) and register such tanks with the DEP. Licensee shall assume all registration and update costs. Licensee shall keep a copy of the PBS Certificate on site and provide copies to Parks 5-Boro Office on Randall’s Island, New York. Licensee shall perform or have performed a tightness test conducted at least once every five years, and shall comply with Parks’ monitoring leak detection checklists for the tank(s) and all other legal requirements. Any changes, removals or additions of tanks must be pre-approved by Parks.

11.10 Licensee shall be responsible for cleaning and maintaining any restrooms at the Licensed Premises. Licensee shall be required to have the exterior comfort station restrooms open from 9am to 5pm daily and during other hours when the Licensed Premises is open for business, as detailed in **Exhibit C**, including any Licensee’s Special Events. Any reduction of such hours may only be made with the prior written approval of Parks. Parks may, at its sole option, temporarily relieve the Licensee of the responsibility for maintenance and operation of the comfort station restrooms. Such temporary relief may only be by written approval from Parks.

12. APPROVALS

12.1 Licensee is solely responsible for obtaining all government approvals, permits and licenses required by Federal, State and City laws, regulations, rules and orders to fulfill this License.

12.2 Whenever any act, consent, approval or permission is required of the City, Parks or the Commissioner under this License, the same shall be valid only if it is, in each instance, in writing and signed by Commissioner or the Commissioner’s duly authorized representative. No variance, alteration, amendment, or modification of this instrument shall be valid or binding upon the City, Parks, the Commissioner or their agents, unless the same is, in each instance, in writing and duly signed by the Commissioner or the Commissioner’s duly authorized representative.

13. RESERVATION FOR SPECIAL EVENTS

13.1 (a) For the purposes of this Section 13 the term "Parks' Special Event(s)" shall mean any event at the Licensed Premises for which Parks has issued a Special Event Permit. Licensee shall cooperate with Parks in connection with Parks' Special Events and unanticipated events and emergencies at the Licensed Premises. Commissioner represents to Licensee that the Commissioner has not, as of the date hereof, granted to any other person or entity any license, permit, or right of possession or use which would prevent in any way Licensee from performing its obligations and realizing its rights under this License. It is expressly understood that this Section 13 shall in no way limit Parks' right to sponsor or promote Parks' Special Events, as defined herein, at the Licensed Premises, or to enter into agreements with third parties to sponsor or promote such events, provided that Parks will use its reasonable efforts to ensure that such third parties will be responsible for maintenance and clean-up associated with any such Parks' Special Event.

(b) Parks, acting on behalf of the City, reserves the right to host up to two (2) of annual events, without cost to Parks (except as explicitly set forth herein), at the Licensed Premises, including benefits, tournaments, and other non-profit or public events. The dates of such events shall be mutually agreed upon by both Parties and shall be reserved in writing not less than one month in advance. During any such Parks Special Event, Licensee shall be obligated to operate the entire Licensed Premises without cost to Parks, however the City will pay for Licensee's costs for food and beverage items. Such costs for Parks Special Events must be reported to Parks, but may be excluded from calculation of Gross Receipts.

(c) Up to three times a year, Parks may request, and Licensee shall be required to provide, non-exclusive use of the entire Licensed Premises by way of free rounds of golf for up to 25 attendees, in order to host benefits, programs and other non-profit or public events, at no cost to Parks.

(d) Up to three times a year, Parks may request, and Licensee shall be required to provide, non-exclusive use of the Driving Range at the Licensed Premises by way of free access to the driving range for up to 25 attendees, and provide golf balls and golf clubs, at no cost to Parks.

13.2 Subject to prior written approval from Parks, Licensee may conduct special events or programs (e.g., either arranged by Licensee or by reservation of all or part of the Licensed Premises through Licensee by third parties) at the Licensed Premises. Any ticketed (including, but not limited to, payment of a fee at the door) events also require prior written approval from Parks at the Licensed Premises. Licensee shall, at least thirty (30) days in advance, submit to Parks for approval, with such supporting documentation as Parks shall require, all plans for any events or programs at the Licensed Premises, and in no event shall the Licensed Premises be closed to conduct private activities during public hours of use except when such activities are specifically approved or sponsored by Parks and such a closure has been announced to the public at least two weeks in advance of such activities or events. Licensee must document each of Licensee's Special Events via signed sequentially pre-numbered contracts that capture event information, including the time and date of the event, the number of attendees and required payment. All revenue generated through such Special Events must be reported to Parks as Gross Receipts.

14. PROHIBITION AGAINST TRANSFER; ASSIGNMENTS AND SUBLICENSES

14.1 Licensee shall not sell, transfer, assign, sublicense or encumber in any way this License, ten percent (10%) or more of the shares of or interest in Licensee or consent, allow or permit any other person or party to use any part of the Licensed Premises, buildings, space or facilities covered by this License, nor shall this License be transferred by operation of law, unless approved in advance in writing by Commissioner, it being the purpose of this License Agreement to grant this License solely to Licensee herein named.

Should Licensee choose to assign or sublicense the management and operation of any element of the Licensed Premises to another party, Licensee shall seek the approval of the Commissioner by submitting a written request including proposed assignment or sublicense documents as provided herein. All sublicensees shall be subject to the same internal control requirements as the licensee. All terms and conditions of sublicense agreements and operations, including payment to the City, are subject to Parks' proper written approval. The Commissioner may request any additional information the Commissioner deems necessary and Licensee shall promptly comply with such requests.

The term "assignment" shall be deemed to include any direct or indirect assignment, sublet, sale, pledge, mortgage, transfer of or change in ten percent or more in the stock or voting control of or interest in Licensee, including any transfer by operation of law.

14.2 No assignment or other transfer of any interest in this License Agreement shall be permitted which, alone or in combination with other prior or simultaneous transfers or assignments, would have the effect of changing the ownership or control, whether direct or indirect, of ten percent or more of the stock or voting control of Licensee in the Licensed Premises without the prior written consent of Commissioner. Licensee shall present to Commissioner the assignment or sublicense agreement for approval, together with any and all information as may be required by the City for such approval, including a statement prepared by a certified public accountant indicating that the proposed assignee or sublicensee has a financial net worth acceptable to the Commissioner together with a certification that it shall provide management control acceptable to the Commissioner for the management and operation of the Licensed Premises. The constraints contained herein are intended to assure the City that the Licensed Premises are operated by persons, firms and corporations which are experienced and reputable operators and are not intended to diminish Licensee's interest in the Licensed Premises. Parks reserves the right to require payment of a reasonable transfer fee as a condition of the granting of any required consent or approval.

14.3 No consent to or approval of any assignment or sublicensee granted pursuant to this Section 14 shall constitute consent to or approval of any subsequent assignment or sublicense. Failure to comply with this provision shall cause the immediate termination of this License.

14.4 In the event that Parks authorizes Licensee to enter into a sublicense for operations at the Licensed Premises, the terms and conditions of any such sublicense shall be subject to the prior written approval of Parks. Any such sublicense which is authorized hereunder shall be subject and subordinate to the terms and conditions of this License and Licensee shall require the sublicensee

to acknowledge in writing that it received a copy of this License and that it is bound by same. All provisions of this License applicable to Licensee with respect to the renovation, operation and maintenance of the Licensed Premises shall be equally applicable to any sublicensee. Licensee shall require any sublicensee to agree in writing that it will comply with Parks' directives and the provisions of this License applicable to Licensee with respect to the renovation, operation, and maintenance of the Licensed Premises, including, but not limited to, obtaining insurance required of Licensee under this License Agreement and indemnifying the City as set forth in Section 19 herein, and shall be responsible for assuring such compliance. If any sublicensee does not comply with this License insofar as applicable to it, Parks may direct Licensee to terminate that sublicensee's operations. No sublicense may be assigned without the prior written consent of Parks. Any subsequent sublicense agreement(s) will be subject to the terms and conditions as set forth in this License.

14.5 Licensee and proposed assignee/transferee shall comply with all applicable PASSPort procedures in connection with any such assignment/transfer.

15. PARKS CONSTRUCTION

15.1 Parks reserves the right to perform safety, maintenance or construction work deemed necessary by Commissioner in the Commissioner's sole discretion at or throughout the Licensed Premises at any time during the Term. Licensee agrees to cooperate with Parks to accommodate any such work by Parks and provide public and construction access through the Licensed Premises as deemed necessary by the Commissioner. Parks shall use its reasonable efforts to give Licensee at least one week notice of any such work and not to interfere substantially with Licensee's operations or use of the Licensed Premises. Parks may temporarily close a part or all of the Licensed Premises for a Parks purpose as determined by the Commissioner. In the event that Licensee must close the Licensed Premises (a determination by Licensee, in consultation with Parks, that Licensee cannot substantially operate its business in the Licensed Premises) for the purposes provided for in this License because of such Parks' work, then Licensee may propose and submit for the Commissioner's approval a plan to equitably address the impact of the closure, including but not limited to a suspension of all financial obligations of this License. Licensee shall be responsible for security of all Licensee's property on the Licensed Premises at all times. Parks shall be solely responsible for claims, damages, or injury resulting from its work hereunder, except to the extent such claims, damages and injury are caused by the negligence or intentional tortious acts or omissions of Licensee.

16. COMPLIANCE WITH LAWS

16.1 Licensee shall comply and cause its employees and agents to comply with all laws, rules, regulations and orders now or hereafter prescribed by Commissioner, and to comply with all laws, rules, regulations and orders of any City, State or Federal agency or governmental entity having jurisdiction over operations of the License and the Licensed Premises and/or Licensee's use and occupation thereof.

16.2 Licensee shall not use or allow the Licensed Premises, or any portion thereof, to be used or occupied for any unlawful purpose or in any manner violative of a certificate pertaining to occupancy or use during the Term of this License.

17. NON-DISCRIMINATION

17.1 Licensee shall not unlawfully discriminate against any employee, applicant for employment or patron because of race, creed, color, national origin, age, sex, handicap, marital status, or sexual orientation. Licensee shall comply with the Americans with Disabilities Act (“ADA”) and regulations pertaining hereto as applicable. Any violation of this Section 17.1 shall be a material breach of this License.

17.2 All advertising for employment shall indicate that Licensee is an Equal Opportunity Employer.

18. NO WAIVER OF RIGHTS

18.1 No acceptance by Commissioner of any compensation, fees, penalty sums, charges or other payments in whole or in part for any periods after a default of any terms and conditions herein shall be deemed a waiver of any right on the part of Commissioner to terminate this License. No waiver by Commissioner of any default on the part of Licensee in the performance of any of the terms and conditions herein shall be construed to be a waiver of any other or subsequent default in the performance of any of the said terms and conditions.

19. RESPONSIBILITY FOR SAFETY, INJURIES OR DAMAGE, AND INDEMNIFICATION

19.1 Licensee Responsibility

A. The Licensee shall be solely responsible for the safety and protection of its employees, agents, servants, sublicensees, contractors, and subcontractors, and for the safety and protection of the employees, agents, or servants of its contractors, sublicensees, or subcontractors.

B. The Licensee shall be solely responsible for taking all reasonable precautions to protect the persons and property of the City or others from damage, loss or injury resulting from any and all operations under this License.

C. The Licensee shall be solely responsible for injuries to any and all persons, including death, and damage to any and all property arising out of or related to the operations under this License, whether or not due to the negligence of the Licensee, including but not limited to injuries or damages resulting from the acts or omissions of any of its employees, agents, servants, sublicensees, contractors, subcontractors, or any other person.

D. The Licensee shall use the Licensed Premises in compliance with, and shall not cause or permit the Licensed Premises to be used in violation of, any and all federal, state or local environmental, health and/or safety-related laws, regulations, standards, decisions of the courts, permits or permit conditions, currently existing or as amended or adapted in the future which are or become applicable to the Licensee or the Licensed Premises (collectively “Environmental Laws”). Except as may be agreed by the City as part of this License, Licensee shall not cause or

permit, or allow any of the Licensee's personnel to cause or permit, any Hazardous Materials to be brought upon, stored, used generated, treated or disposed of on the Licensed Premises. As used herein, "Hazardous Materials" means any chemical, substance or material which is now or becomes in the future listed, defined or regulated in any manner by any Environmental Law based upon, directly or indirectly, its properties or effects.

19.2 Indemnification and Related Obligations

A. To the fullest extent permitted by law, the Licensee shall indemnify, defend and hold the City and its officials and employees harmless against any and all claims, liens, demands, judgments, penalties, fines, liabilities, settlements, damages, costs and expenses of whatever kind or nature (including, without limitation, attorneys' fees and disbursements) arising out of or related to any of the operations under this License (regardless of whether or not the Licensee itself had been negligent, except to the extent caused by the gross negligence or intentional tortious acts or omissions of the City and its officials and employees) and/or the Licensee's failure to comply with the law or any of the requirements of this License. Insofar as the facts or law relating to any of the foregoing would preclude the City or its officials and employees from being completely indemnified by the Licensee, the City and its officials and employees shall be partially indemnified by the Licensee to the fullest extent permitted by law.

B. The Licensee's obligation to defend, indemnify and hold the City and its officials and employees harmless shall not be (i) limited in any way by the Licensee's obligations to obtain and maintain insurance under this License, nor (ii) adversely affected by any failure on the part of the City or its officials and employees to avail themselves of the benefits of such insurance.

20. INSURANCE

20.1 Licensee's Obligation to Insure

A. From the date this License Agreement is executed through the date of its expiration or termination, the Licensee shall ensure that the types of insurance indicated in this Article 20 are obtained and remain in force, and that such insurance adheres to all requirements herein.

B. The Licensee is authorized to undertake or maintain operations under this License only during the effective period of all required coverage.

20.2 Commercial General Liability Insurance

A. The Licensee shall maintain Commercial General Liability insurance in the amount of at least Two Million Dollars (\$2,000,000) per occurrence for bodily injury (including death) and property damage and Two Million Dollars (\$2,000,000) for personal and advertising injury. In the event such insurance contains an aggregate limit, the aggregate shall apply on a per-location basis applicable to the Licensed Premises and such per-location aggregate shall be at least Five Million Dollars (\$5,000,000). Licensee shall maintain coverage for products/completed operations in the amount of Five Million Dollars (\$5,000,000). This insurance shall protect the insureds from claims that may arise from any of the operations under this License. Coverage shall be at least as broad as that provided by the most recently issued Insurance Services Office ("ISO")

Form CG 00 01, shall contain no exclusions other than as required by law or as approved by the Commissioner, and shall be “occurrence” based rather than “claims-made.”

B. Such Commercial General Liability insurance shall name the City, together with its officials and employees, as an Additional Insured for claims that may arise from any of the operations under this License. Coverage shall be at least as broad as the most recent edition of ISO Form CG 20 26 and CG 20 37. “Blanket” or other forms are also acceptable if they provide the City, together with its officials and employees, with coverage at least as broad as ISO Form CG 20 26 and CG 20 37.

20.3 Workers’ Compensation, Employers Liability, and Disability Benefits Insurance

The Licensee shall maintain, or for workers not directly employed by Licensee, cause to be maintained, Workers’ Compensation insurance, Employers Liability insurance, and Disability Benefits insurance on behalf of, or with regard to, all employees involved in the Licensee’s operations under this License, and such insurance shall comply with the laws of the State of New York.

20.4 Commercial Automobile Liability Insurance

A. With regard to all operations under this License, the Licensee shall maintain or cause to be maintained Commercial Automobile Liability insurance in the amount of at least One Million Dollars (\$1,000,000) for each accident (combined single limit) for liability arising out of the ownership, maintenance or use of any owned, non-owned or hired vehicles. Coverage shall be at least as broad as the latest edition of ISO Form CA0001. If vehicles are used for transporting hazardous materials, such Commercial Automobile Liability insurance shall be endorsed to provide pollution liability broadened coverage for covered vehicles (endorsement CA 99 48) as well as proof of MCS-90.

20.5 Property Insurance

A. The Licensee shall maintain comprehensive, broad-form property insurance (such as an “All Risk” policy) covering all buildings, structures, equipment and fixtures on the Licensed Premises (“Concession Structures”), whether existing at the beginning of this License or built at any time before its expiration or termination. Such insurance shall provide full Replacement Cost coverage for the Concession Structures (without depreciation or obsolescence clause) and include, without limitation, coverage for loss or damage by acts of terrorism, water (other than flood-related), wind, subsidence and earthquake. Such insurance shall be “occurrence” (rather than “claims-made”) based and shall designate the Licensee as Named Insured and the City as Additional Insured and Loss Payee as its interests may appear.

B. This Section 20.5 does not require coverage for damage caused by flooding.

C. The limit of such property insurance shall be no less than the full Replacement Cost of all Concession Structures, including, without limitation, the costs of post-casualty debris removal and soft costs, to the extent that such costs can be covered by an “all risk” or “special perils form”

insurance policy. If such insurance contains an aggregate limit, it shall apply separately to the Concession Structures.

D. In the event of any loss to any of the Concession Structures, the Licensee shall provide the insurance company that issued such property insurance with prompt, complete and timely notice, and simultaneously provide the Commissioner with a copy of such notice. With regard to any Concession Structure that the City owns or in which the City has an interest, the Licensee shall also (i) take all appropriate actions in a timely manner to adjust such claim on terms that provide the City with the maximum possible payment for the loss, and (ii) either provide the City with the opportunity to participate in any negotiations with the insurer regarding adjustments for claims or, at the Commissioner's discretion, allow the City itself to adjust such claim.

20.6 Flood Insurance

A. If applicable, the Licensee shall maintain flood insurance through the National Flood Insurance Program (NFIP) for each building on the Premises. Each building shall be insured separately. For each building, the Licensee shall maintain the maximum limits available under the NFIP for both the building and its contents. The Licensee shall assure that the City is listed as a loss payee on the NFIP insurance.

B. In the event the Licensee purchases flood insurance excess to the limits available under the NFIP, the Licensee shall assure that the City is listed as a loss payee under all such policies.

20.7 Liquor Law Liability Insurance

In the event the Licensee or any sublicensee or contractor shall serve alcohol on the Premises, the Licensee shall carry or cause to be carried liquor law liability insurance in an amount not less than Two Million Dollars (\$2,000,000) per occurrence, and name the City, together with its officials and employees, as additional insured. Such insurance shall be effective prior to the commencement of any such service of alcohol and continue throughout such service. The Commissioner may increase or decrease the limit(s) if the Commissioner reasonably believes that the nature of such operations merits an increase or decrease.

20.8 Hazardous Materials and Pollution Liability Insurance

A. In the event the Licensee enters into a contract with another that involves abatement, removal, repair, replacement, enclosure, encapsulation and/or delivery, receipt, or disposal of any petroleum products, asbestos, lead, PCBs or any other hazardous materials or substances, the Licensee shall maintain, or cause the contractor to maintain, Contractors Pollution Liability Insurance covering bodily injury, property damage, cleanup costs/remediation expenses and legal defense costs. Such insurance shall provide coverage for sudden and non-sudden pollution conditions arising out of the contractor's operations at the Premises.

B. If required, the Contractors Pollution Liability Insurance shall each have a limit of at least One Million Dollars (\$1,000,000), and provide coverage for the Licensee as Named Insured or Additional Insured and the City, together with its officials and employees, as Additional Insured.

Coverage for the City shall be at least as broad as the Licensee's. If this insurance is issued on a claims-made basis, such policy or policies shall have a retroactive date on or before the beginning of the contractor's work, and continuous coverage shall be maintained, or an extended discovery period exercised, for a period of not less than three years after the termination of such work.

C. Licensee represents and warrants that its operations at the Licensed Premises will not involve petroleum products, asbestos, lead, polychlorinated biphenyls (PCBs) or any other hazardous materials.

20.9 General Requirements for Insurance Coverage and Policies

A. Policies of insurance required under this Article shall be provided by companies that may lawfully issue such policy and have an A.M. Best rating of at least A- / "VII" or a Standard and Poor's rating of at least A, unless prior written approval is obtained from the Commissioner.

B. Policies of insurance required under this Article shall be primary and non-contributing to any insurance or self-insurance maintained by the City.

C. Wherever this Article requires that insurance coverage be "at least as broad" as a specified form (including all ISO forms), there is no obligation that the form itself be used, provided that the Licensee can demonstrate that the alternative form or endorsement contained in its policy provides coverage at least as broad as the specified form.

D. There shall be no self-insurance program or self-insured retention with regard to any insurance required under this Article unless approved in writing by the Commissioner. Under no circumstances shall the City be responsible for the payment of any self-insured retention (or any other aspect of a self-insurance program). Further, the Licensee shall ensure that any such self-insurance program provides the City with all rights that would be provided by traditional insurance under this Article, including but not limited the defense and indemnification obligations that insurers are required to undertake in liability policies.

E. The City's limits of coverage for all types of insurance required under this Article shall be the greater of (i) the minimum limits set forth in this Article or (ii) the limits provided to the Licensee under all primary, excess and umbrella policies covering operations under this License.

F. The City may require other types of insurance and/or higher liability limits and other terms if, in the opinion of the Commissioner, the proposed program warrants it.

G. All required policies, except for Workers' Compensation insurance, Employers Liability insurance, and Disability Benefits insurance, shall contain an endorsement requiring that the issuing insurance company endeavor to provide the City with advance written notice in the event such policy is to expire or be cancelled or terminated for any reason, and to mail such notice to both the Commissioner, City of New York Department of Parks and Recreation, Arsenal, 830 Fifth Avenue, New York, NY 10065, and the New York City Comptroller, Attn: Office of Contract Administration, Municipal Building, One Centre Street, Room 1005, New York, New York 10007. Such notice is to be sent at least thirty (30) days before the expiration, cancellation or termination

date, except in cases of non-payment, where at least ten (10) days written notice would be provided.

H. All required policies, except Workers' Compensation, Employers Liability, Disability Benefits, shall include a waiver of the right of subrogation with respect to all insureds and loss payees named therein.

20.10 Proof of Insurance

F. The Licensee shall be obligated to provide the City with a copy of any policy of insurance required under this Article upon request by the Commissioner or the New York City Law Department.

20.11 Miscellaneous

A. The Licensee may satisfy its insurance obligations under this Article through primary policies or a combination of primary and excess/umbrella policies, so long as all policies provide the scope of coverage required herein.

For any policy where the City is an Additional Insured, such notice shall expressly specify that "this notice is being given on behalf of the City of New York as Insured as well as the Named Insured." Such notice shall also contain the following information: the number of the insurance policy, the name of the named insured, the date and location of the damage, occurrence, or accident, and the identity of the persons or things injured, damaged or lost. The Licensee shall simultaneously send a copy of such notice to the City of New York c/o Insurance Claims Specialist, Affirmative Litigation Division, New York City Law Department, 100 Church Street, New York, New York 10007.

E. The Licensee's failure to secure and maintain insurance in complete conformity with this Article, or to give the insurance carrier timely notice on behalf of the City, or to do anything else required by this Article shall constitute a material breach of this License. Such breach shall not be waived or otherwise excused by any action or inaction by the City at any time.

F. Insurance coverage in the minimum amounts provided for in this Article shall not relieve the Licensee of any liability under this License, nor shall it preclude the City from exercising any rights or taking such other actions as are available to it under any other provisions of this License or the law.

G. In the event of any loss, accident, claim, action, or other event that does or can give rise to a claim under any insurance policy required under this Article, the Licensee shall at all times fully cooperate with the City with regard to such potential or actual claim.

H. Apart from damages or losses covered by Workers' Compensation Insurance, Employers Liability Insurance, Disability Benefits Insurance, or Commercial Automobile Insurance, the Licensee waives all rights against the City, including its officials and employees, for any damages or losses that are covered under any insurance required under this Article (whether or not such insurance is actually procured or claims are paid thereunder) or any other insurance applicable to the operations of the Licensee and/or its employees, agents, or servants of its contractors or subcontractors.

I. 21.1 Licensee hereby expressly waives any and all claims for compensation for any and all loss or damage sustained by reason of any defects, including, but not limited to, deficiency or impairment of the water supply system, gas mains, electrical apparatus or wires furnished for the Licensed Premises, or by reason of any loss of any gas supply, water supply, heat or current which may occur from time to time, or for any loss resulting from fire, water, windstorm, tornado, explosion, civil commotion, strike or riot, and Licensee hereby expressly releases and discharges Commissioner, his agents, and City from any and all demands, claims, actions, and causes of action arising from any of the causes aforesaid.

21.2 Licensee further expressly waives any and all claims for compensation, loss of profit, or refund of its investment, if any, or any other payment whatsoever, in the event this License is terminated by Commissioner sooner than the fixed term because the Licensed Premises are required for any park or other public purpose, or because the License was terminated or revoked for any reason as provided herein.

22. INVESTIGATIONS

22.1 (a) The parties to this License shall cooperate fully and faithfully with any investigation, audit or inquiry conducted by a State of New York (hereinafter "State") or City governmental agency or authority that is empowered directly or by designation to compel the attendance of witnesses and to examine witnesses under oath, or conducted by the Inspector General of a governmental agency that is a party in interest to the transaction, submitted bid,

(A) The Commissioner or agency head whose agency is a party in interest to the transaction, submitted bid, submitted proposal, contract, lease, permit, or license shall convene a hearing, upon not less than five days written notice to the parties involved to determine if any penalties should attach for the failure of any person to testify.

(B) If any non-governmental party to the hearing requests an adjournment, the Commissioner or agency head who convened the hearing may, upon granting the adjournment, suspend any contract, lease, permit, or license pending the final determination pursuant to Section 22 (d) below without the City incurring any penalty or damages for delay or otherwise.

(c) The penalties which may attach after a final determination by the Commissioner or agency head may include but shall not exceed:

(i) The disqualification for a period not to exceed five years from the date of an adverse determination of any person or entity of which such person was a member at the time the testimony was sought, from submitting bids for, or transacting business with, or entering into or obtaining any contract, lease, permit or license with or from the City; and/or

(ii) The cancellation or termination of any and all existing City contracts, leases, permits, or licenses that the refusal to testify concerns and that have not been assigned as permitted under this license, nor the proceeds of which pledged, to an unaffiliated and unrelated institutional lender for fair value prior to the issuance of the notice scheduling the hearing, without the City incurring any penalty or damages on account of such cancellation or termination; monies lawfully due for goods delivered, work done, rentals, or fees accrued prior to the cancellation or termination shall be paid by the City.

(d) The Commissioner or agency head shall consider and address in reaching his or her determination and in assessing an appropriate penalty the factors in Section 22(d) (i) and (ii) below. He or she may also consider, if relevant and appropriate, the criteria established in Sections 22(d) (iii) and (iv) below in addition to any other information which may be relevant and appropriate.

(i) The party's good faith endeavors or lack thereof to cooperate fully and faithfully with any governmental investigation or audit, including but not limited to the discipline, discharge, or disassociation of any person failing to testify, the production of accurate and complete books and records, and the forthcoming testimony of all other members, agents, assignees or fiduciaries whose testimony is sought.

(ii) The relationship of the person who refused to testify to any entity that is a party to the hearing, including, but not limited to, whether the person whose testimony is sought has an ownership interest in the entity and/or the degree of authority and responsibility the person has within the entity.

(iii) The nexus of the testimony sought to the subject entity and its contracts, leases, permits or licenses with the City.

(iv) The effect a penalty may have on an unaffiliated and unrelated party or entity that has a significant interest in an entity subject to penalties under (c) above, provided that the party or entity has given actual notice to the Commissioner or agency head upon the acquisition of the interest, or at the hearing called for in (b) (ii)(A) above gives notice and proves that such interest was previously acquired. Under either circumstance the party or entity must present evidence at the hearing demonstrating the potentially adverse impact a penalty will have on such person or entity.

(iv) The term "member" as used herein shall be defined as any person associated with another person or entity as a partner, director, officer, principal or employee.

(f) In addition to and notwithstanding any other provision of this License the Commissioner or agency head may in his or her sole discretion terminate this License Agreement upon not less than three days written notice in the event Licensee fails to promptly report in writing to the Commissioner of Investigation of the City of New York any solicitation of money goods

requests for future employment or other benefit or thing of value, by or on behalf of any employee of the City of other person, firm, corporation or entity for any purpose which may be related to the procurement or obtaining of this agreement by the Licensee, or affecting the performance or this License Agreement.

23. CHOICE OF LAW, CONSENT TO JURISDICTION AND VENUE

23.1 This License Agreement shall be deemed to be executed in the City of New York, State of New York, regardless of the domicile of the Licensee, and shall be governed by and construed in accordance with the laws of the State of New York.

23.2 Any and all claims asserted by or against the City arising under this License or related thereto shall be heard and determined either in the courts of the United States located in New York City (“Federal Courts”) or in the courts of the State of New York (“New York State Courts”) located in the City and County of New York. To effect this License Agreement and its intent, Licensee agrees:

(a) If the City initiates any action against the Licensee in Federal Court or in New York State Court, service of process may be made on the Licensee either in person, wherever such Licensee may be found, or by registered mail addressed to the Licensee at its address set forth in this License, or to such other address as the Licensee may provide to the City in writing; and

(b) With respect to any action between the City and the Licensee in New York State Court, the Licensee hereby expressly waives and relinquishes any rights it might otherwise have (i) to move to dismiss on grounds of *forum non conveniens*, (ii) to remove to Federal Court; and (iii) to move for a change of venue to a New York State Court outside New York County.

23.3 With respect to any action between the City and the Licensee in Federal Court located in New York City, the Licensee expressly waives and relinquishes any right it might otherwise have to move to transfer the action to a United States Court outside the City of New York.

23.4 If the Licensee commences any action against the City in a court located other than in the City and State of New York, upon request of the City, the Licensee shall either consent to a transfer of the action to a court of competent jurisdiction located in the City and State of New York or, if the court where the action is initially brought will not or cannot transfer the action, the Licensee shall consent to dismiss such action without prejudice and may thereafter reinstitute the action in a court of competent jurisdiction in New York City.

24. WAIVER OF TRIAL BY JURY

24.1 (a) Licensee hereby waives trial by jury in any action, proceeding, or counterclaim brought by the City against Licensee in any matter related to this License.

(b) No action at law or proceeding in equity against the City shall lie or be maintained upon any claim based upon this License Agreement or arising out of this License Agreement or in any way connected with this License Agreement unless Licensee shall have strictly complied with all requirements relating to the giving of notice and of information with respect to such claims, all as herein provided.

(c) No action shall lie or be maintained against the City by Licensee upon any claims based upon this License unless such action shall be commenced within one (1) year of the termination or conclusion of this License, or within one (1) year after the accrual of the cause of action, whichever first occurs.

(d) In the event any claim is made or any action brought in any way relating to this License Agreement herein other than an action or proceeding in which Licensee and the City are adverse parties, Licensee shall diligently render to the City of New York without additional compensation any and all assistance which the City of New York may reasonably require of Licensee.

25. CUMULATIVE REMEDIES - NO WAIVER

25.1 The specific remedies to which the City may resort under the terms of this License are cumulative and are not intended to be exclusive of any other remedies or means of redress to which it may be lawfully entitled in case of any other default hereunder. The failure of the City to insist in any one or more cases upon the strict performance of any of the covenants of this License, or to exercise any option herein contained, shall not be construed as a waiver or relinquishment for the future of such covenants or option.

26. EMPLOYEES

26.1 All experts, independent contractors, consultants, specialists, trainees, servants, agents, and employees of Licensee who are employed by Licensee to perform work under this License are neither employees of the City nor under contract to the City, and Licensee alone is responsible for their work, direction, compensation and personal conduct while engaged under this License. Nothing in this License shall impose any liability or duty on the City for acts, omissions, liabilities or obligations of Licensee or any person, firm, company, agency, association, corporation or organization engaged by Licensee as expert, consultant, independent contractor, specialist, trainee, employee, servant, or agent or for taxes of any nature including but not limited to unemployment insurance, workers' compensation, disability benefits and social security.

27. INDEPENDENT STATUS OF LICENSEE

27.1 Licensee is not an employee of the City and in accordance with such independent status neither Licensee nor its employees or agents will hold themselves out as, nor claim to be officers, employees, or agents of the City, or of any department, agency, or unit thereof, and they will not make any claim, demand, or application to or for any right or privilege applicable to an officer of, or employee of, the City, including but not limited to, workers' compensation coverage, unemployment insurance benefits, social security coverage or employee retirement membership or credit.

28. CREDITOR-DEBTOR PROCEEDINGS

28.1 In the event any bankruptcy, insolvency, reorganization or other creditor-debtor proceedings shall be instituted by or against the Licensee or its successors or assigns, or the guarantor, if any, the Security Deposit shall be deemed to be applied first to the payment of license fees and/or other charges due the City for all periods prior to the institution of such proceedings

and the balance, if any, of the Security Deposit may be retained by the City in partial liquidation of the City's damages.

29. CONFLICT OF INTEREST

29.1 Licensee represents and warrants that neither it nor any of its directors, officers, members, partners or employees, has any interest nor shall they acquire any interest, directly or indirectly, which would or may conflict in any manner or degree with the performance or rendering of the services herein provided. Licensee further represents and warrants that in the performance of this License no person having such interest or possible interest shall be employed by it. No elected official or other officer or employee of the City, nor any person whose salary is payable, in whole or part, from the City treasury, shall participate in any decision relating to this License which affects his/her personal interest or the interest of any corporation, partnership or association in which he/she is, directly or indirectly, interested nor shall any such person have any interest, direct or indirect, in this License or in the proceeds thereof.

30. PROCUREMENT OF AGREEMENT

30.1 Licensee represents and warrants that no person or selling agency has been employed or retained to solicit or secure this License upon an agreement or understanding for a commission, percentage, brokerage fee, contingent fee or any other compensation. Licensee further represents and warrants that no payment, gift or thing of value has been made, given or promised to obtain this or any other agreement between the parties. Licensee makes such representations and warranties to induce the City to enter into this License and the City relies upon such representations and warranties in the execution hereof.

30.2 For a breach or violation of such representations or warranties, the Commissioner shall have the right to annul this License without liability, entitling the City to recover all monies paid hereunder, if any, and the Licensee shall not make any claim for, or be entitled to recover, any sum or sums due under this License. This remedy, if effected, shall not constitute the sole remedy afforded the City for the falsity or breach, nor shall it constitute a waiver of the City's right to claim damages or refuse payment or to take any other action provided by law or pursuant to this License.

31. NO CLAIM AGAINST OFFICERS, AGENTS OR EMPLOYEES

31.1 No claim whatsoever shall be made by the Licensee against any officer, agent or employee of the City for, or on account of, anything done or omitted in connection with this License.

32. ALL LEGAL PROVISIONS DEEMED INCLUDED

32.1 Each and every provision of law required to be inserted in this License shall be and is deemed inserted herein, whether or not actually inserted.

33. SEVERABILITY: INVALIDITY OF PARTICULAR PROVISIONS

33.1 If any term or provision of this License or the application thereof to any person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this License, or the application of such term or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term and provision of this License shall be valid and enforceable to the fullest extent permitted by law.

34. JUDICIAL INTERPRETATION

34.1 Should any provision of this License require judicial interpretation, it is agreed that the court interpreting or considering same shall not apply the presumption that the terms hereof shall be more strictly construed against a party by reason of the rule of construction that a document should be construed more strictly against the party who itself or through its agent prepared the same, it being agreed that all parties hereto have participated in the preparation of this License and that legal counsel was consulted by each responsible party before the execution of this License.

35. MODIFICATION OF AGREEMENT

35.1 This License Agreement constitutes the whole of the agreement between the parties hereto, and no other representation made heretofore shall be binding upon the parties hereto. This License Agreement may be modified from time to time by agreement in writing, but no modification of this License Agreement shall be in effect until such modification has been agreed to in writing and duly executed by the party or parties affected by said modification.

36. NOTICES

Notices may also be given by electronic mail to the electronic mail addresses for each party provided at the beginning of this License Agreement.

37. LICENSEE ORGANIZATION, POWER AND AUTHORITY

37.1 Licensee and the individual executing this License Agreement on behalf of Licensee each represents and warrants that Licensee is a corporation duly organized, validly existing and in good standing under the laws of the State of New York and has the power and authority to enter into this License Agreement and perform its obligations hereunder. NYC EARNED SAFE AND SICK TIME ACT CONTRACT RIDER

(To supersede Section 4.06 of the January 2018 Appendix A and Section 35.5 of the March 2017 Standard Construction Contract and to be attached to other City contracts and solicitations)

A. Introduction and General Provisions.

1. The Earned Safe and Sick Time Act (“ESSTA”), codified at Title 20, Chapter 8 of the New York City Administrative Code, also known as the “Paid Safe and Sick Leave Law,” requires covered employees (as defined in Admin. Code § 20-912) in New York City (“City”) to be provided with paid safe and sick time. Licensees of the City or of other governmental entities may be required to provide safe and sick time pursuant to the ESSTA. The ESSTA is enforced by the City’s Department of Consumer and Worker Protection (“DCWP”), which has promulgated 6 RCNY §§ 7-101 and 201 et seq. (“DCWP Rules”).

2. The Licensee agrees to comply in all respects with the ESSTA and the DCWP Rules, and as amended, if applicable, in the performance of this agreement. The Licensee further acknowledges that such compliance is a material term of this agreement and that failure to comply with the ESSTA in performance of this agreement may result in its termination.

3. The Licensee must notify (with a copy to DCWP at ComplianceMonitoring@dcwp.nyc.gov) the Agency Chief Contracting Officer of the City Agency or other entity with whom it is contracting in writing within 10 days of receipt of a complaint (whether oral or written) or notice of investigation regarding the ESSTA involving the performance of this agreement. Additionally, the Licensee must cooperate with DCWP’s guidance and must comply with DCWP’s subpoenas, requests for information, and other document demands as set forth in the ESSTA and the DCWP Rules. More information is available at <https://www1.nyc.gov/site/dca/about/paid-sick-leave-what-employers-need-to-know.page>.

4. Upon conclusion of a DCWP investigation, Licensees will receive a findings letter detailing any employee relief and civil penalties owed. Pursuant to the findings, Licensee will have the opportunity to settle any violations and cure the breach of this agreement caused by failure to comply with the ESSTA either i) without a trial by entering into a consent order or ii) appearing before an impartial judge at the City’s administrative tribunal. In addition to and notwithstanding any other rights and remedies available to the City, non-payment of relief and penalties owed pursuant to a consent order or final adjudication within 30 days of such consent order or final adjudication may result in the termination of this agreement without further opportunity to settle or cure the violations.

5. The ESSTA is briefly summarized below for the convenience of the Licensee. The Licensee is advised to review the ESSTA and the DCWP Rules in their entirety. The Licensee may go to www.nyc.gov/PaidSickLeave for resources for employers, such as Frequently Asked Questions, timekeeping tools and model forms, and an event calendar of upcoming presentations

and webinars at which the Licensee can get more information about how to comply with the ESSTA and the DCWP Rules. The Licensee acknowledges that it is responsible for compliance with the ESSTA and the DCWP Rules notwithstanding any inconsistent language contained herein.

B. *Pursuant to the ESSTA and DCWP Rules: Applicability, Accrual, and Use.*

1. An employee who works within the City must be provided paid safe and sick time.¹ Employers with one hundred or more employees are required to provide 56 hours of safe and sick time for an employee each calendar year. Employers with fewer than one hundred employees are required to provide 40 hours of sick leave each calendar year. Employers must provide a minimum of one hour of safe and sick time for every 30 hours worked by an employee and compensation for such safe and sick time must be provided at the greater of the employee's regular hourly rate or the minimum wage at the time the paid safe or sick time is taken. Employers are not discouraged or prohibited from providing more generous safe and sick time policies than what the ESSTA requires.

2. Employees have the right to determine how much safe and sick time they will use, provided that an employer may set a reasonable minimum increment for the use of safe and sick time not to exceed four hours per day. For the use of safe time or sick time beyond the set minimum increment, an employer may set fixed periods of up to thirty minutes beyond the minimum increment. In addition, an employee may carry over up to 40 or 56 hours of unused safe and sick time to the following calendar year, provided that no employer is required to carry over unused paid safe and sick time if the employee is paid for such unused safe and sick time and the employer provides the employee with at least the legally required amount of paid safe and sick time for such employee for the immediately subsequent calendar year on the first day of such calendar year.

3. An employee entitled to safe and sick time pursuant to the ESSTA may use safe and sick time for any of the following:

a. such employee's mental illness, physical illness, injury, or health condition or the care of such illness, injury, or condition or such employee's need for medical diagnosis or preventive medical care;

b. such employee's care of a family member (an employee's child, spouse, domestic partner, parent, sibling, grandchild, or grandparent, the child or parent of an employee's spouse or domestic partner, any other individual related by blood to the employee, and any other individual whose close association with the employee is the equivalent of a family relationship) who has a mental illness, physical illness, injury or health condition or who has a need for medical diagnosis or preventive medical care;

c. closure of such employee's place of business by order of a public official due to a public health emergency;

d. such employee's need to care for a child whose school or childcare provider has been closed due to a public health emergency; or

e. when the employee or a family member has been the victim of a family offense matter, sexual offense, stalking, or human trafficking:

1. to obtain services from a domestic violence shelter, rape crisis center, or other shelter or services program for relief from a family offense matter, sexual offense, stalking, or human trafficking;

2. to participate in safety planning, temporarily or permanently relocate, or take other actions to increase the safety of the employee or employee's family members from future family offense matters, sexual offenses, stalking, or human trafficking;

3. to meet with a civil attorney or other social service provider to obtain information and advice on, and prepare for or participate in any criminal or civil proceeding, including but not limited to, matters related to a family offense matter, sexual offense, stalking, human trafficking, custody, visitation, matrimonial issues, orders of protection, immigration, housing, discrimination in employment, housing or consumer credit;

4. to file a complaint or domestic incident report with law enforcement;

5. to meet with a district attorney's office;

6. to enroll children in a new school; or

7. to take other actions necessary to maintain, improve, or restore the physical, psychological, or economic, health or safety of the employee or the employee's family member or to protect those who associate or work with the employee.

4. An employer must not require an employee, as a condition of taking safe and sick time, to search for a replacement. However, where the employee's need for safe and sick time is foreseeable, an employer may require an employee to provide reasonable notice of the need to use safe and sick time. For an absence of more than three consecutive work days, an employer may require reasonable documentation that the use of safe and sick time was needed for a reason listed in Admin. Code § 20-914; and/or written confirmation that an employee used safe and sick time pursuant to the ESSTA. However, an employer may not require documentation specifying the nature of a medical condition, require disclosure of the details of a medical condition, or require disclosure of the details of a family offense matter, sexual offense, stalking, or human trafficking, as a condition of providing safe and sick time. Health information and information concerning family offenses, sexual offenses, stalking or human trafficking obtained solely due to an employee's use of safe and sick time pursuant to the ESSTA must be treated by the employer as confidential. An employer must reimburse an employee for all reasonable costs or expenses incurred in obtaining such documentation for the employer.

5. An employer must provide to all employees a written policy explaining its method of calculating sick time, policies regarding the use of safe and sick time (including any permissible

¹ Pursuant to the ESSTA, if fewer than five employees work for the same employer, and the employer had a net income of less than one million dollars during the previous tax year, such employer has the option of providing such employees uncompensated safe and sick time. policy.

discretionary conditions on use), and policies regarding carry-over of unused time at the end of the year, among other topics. It must provide the policy to employees using a delivery method that reasonably ensures that employees receive the policy. If such employer has not provided its written policy, it may not deny safe and sick time to an employee because of non-compliance with such a

6. An employer must provide a pay statement or other form of written documentation that informs the employee of the amount of safe/sick time accrued and used during the relevant pay period and the total balance of the employee's accrued safe/sick time available for use.

7. Safe and sick time to which an employee is entitled must be paid no later than the payday for the next regular payroll period beginning after the safe and sick time was used.

C. *Exemptions and Exceptions.* Notwithstanding the above, the ESSTA does not apply to any of the following:

1. an independent contractor who does not meet the definition of employee under N.Y. Labor Law § 190(2);

2. an employee covered by a valid collective bargaining agreement, if the provisions of the ESSTA are expressly waived in such agreement and such agreement provides a benefit comparable to that provided by the ESSTA for such employee;

3. an audiologist, occupational therapist, physical therapist, or speech language pathologist who is licensed by the New York State Department of Education and who calls in for work assignments at will, determines their own schedule, has the ability to reject or accept any assignment referred to them, and is paid an average hourly wage that is at least four times the federal minimum wage;

4. an employee in a work study program under Section 2753 of Chapter 42 of the United States Code;

5. an employee whose work is compensated by a qualified scholarship program as that term is defined in the Internal Revenue Code, Section 117 of Chapter 20 of the United States Code; or

6. a participant in a Work Experience Program (WEP) under N.Y. Social Services Law § 336-c.

D. *Retaliation Prohibited.* An employer shall not take any adverse action against an employee that penalizes the employee for, or is reasonably likely to deter the employee from or interfere with the employee exercising or attempting in good faith to exercise any right provided by the ESSTA. In addition, an employer shall not interfere with any investigation, proceeding, or hearing pursuant to the ESSTA.

E. *Notice of Rights.*

1. An employer must provide its employees with written notice of their rights pursuant to the ESSTA. Such notice must be in English and the primary language spoken by an employee, provided that DCWP has made available a translation into such language. Downloadable notices are available on DCWP's website at <https://www1.nyc.gov/site/dca/about/Paid-Safe-Sick-Leave-Notice-of-Employee-Rights.page>. The notice must be provided to the employees by a method that reasonably ensures personal receipt by the employee.

2. Any person or entity that willfully violates these notice requirements is subject to a civil penalty in an amount not to exceed \$50.00 for each employee who was not given appropriate notice.

F. *Records.* An employer must retain records documenting its compliance with the ESSTA for a period of at least three years, and must allow DCWP to access such records in furtherance of an investigation related to an alleged violation of the ESSTA.

G. *Enforcement and Penalties.*

1. Upon receiving a complaint alleging a violation of the ESSTA, DCWP must investigate such complaint. DCWP may also open an investigation to determine compliance with the ESSTA on its own initiative. Upon notification of a complaint or an investigation by DCWP, the employer must provide DCWP with a written response and any such other information as DCWP may request. If DCWP believes that a violation of the ESSTA has occurred, it has the right to issue a notice of violation to the employer.

2. DCWP has the power to grant an employee or former employee all appropriate relief as set forth in Admin. Code § 20-924(d). Such relief may include, but is not limited to, treble damages for the wages that should have been paid; statutory damages for unlawful retaliation; and damages, including statutory damages, full compensation for wages and benefits lost, and reinstatement, for unlawful discharge. In addition, DCWP may impose on an employer found to have violated the ESSTA civil penalties not to exceed \$500.00 for a first violation, \$750.00 for a second violation within two years of the first violation, and \$1,000.00 for each succeeding violation within two years of the previous violation. When an employer has a policy or practice of not providing or refusing to allow the use of safe and sick time to its employees, DCWP may seek penalties and relief on a per employee basis.

3. Pursuant to Admin. Code § 20-924.2, (a) where reasonable cause exists to believe that an employer is engaged in a pattern or practice of violations of the ESSTA, the Corporation Counsel may commence a civil action on behalf of the City in a court of competent jurisdiction by filing a complaint setting forth facts relating to such pattern or practice and requesting relief, which may include injunctive relief, civil penalties and any other appropriate relief. Nothing in § 20-924.2 prohibits DCWP from exercising its authority under section 20-924 or the Charter, provided that a civil action pursuant to § 20-924.2 shall not have previously been commenced.

H. *More Generous Policies and Other Legal Requirements.* Nothing in the ESSTA is intended to discourage, prohibit, diminish, or impair the adoption or retention of a more generous safe and sick time policy, or the obligation of an employer to comply with any contract, collective

bargaining agreement, employment benefit plan or other agreement providing more generous safe and sick time. The ESSTA provides minimum requirements pertaining to safe and sick time and does not preempt, limit, or otherwise affect the applicability of any other law, regulation, rule, requirement, policy or standard that provides for greater accrual or use by employees of safe and sick leave or time, whether paid or unpaid, or that extends other protections to employees. The ESSTA may not be construed as creating or imposing any requirement in conflict with any federal or state law, rule or regulation.

II. The provisions of Section I.(B) of this **Exhibit G** are subject to the limitations and conditions in this Section II and in Sections III and IV of this **Exhibit G**:

(A) The guarantee is made for the benefit of all beneficiaries as defined in Section I.(B) of this **Exhibit G**, provided that those beneficiaries strictly adhere to the terms and conditions of this Section II of this **Exhibit G**.

(B) Nothing in this **Exhibit G** shall prevent a beneficiary providing labor, services or material for the Capital Improvement Project from suing the person, firm or corporation for whom

IV. (A) In the event the Licensee determines that the demand is valid and the Licensee is not the party liable for payment, the Licensee shall notify the party liable for payment of such determination and the amount thereof, and direct the party liable for payment to immediately pay such amount to the beneficiary. In the event the party liable for payment, within seven (7) days of receipt of such notification from the Licensee, fails to pay the beneficiary, the Licensee shall pay the amount due and owing to the beneficiary within seven (7) days of the date on which Licensee becomes aware of such failure to pay the beneficiary.

(B) In the event the Licensee determines that the demand is valid and the Licensee is the party liable for payment, the Licensee shall pay the amount due and owing to the beneficiary within seven (7) days of the date on which Licensee determines that the demand is valid.

(C) In the event the Licensee determines that the demand is invalid, any amount withheld pending the Licensee's review of such demand shall be paid to the Contractor; provided, however, no lien has been filed. In the event a lien has been filed, the parties will be governed by the provisions of the Lien Law of the State of New York. The Licensee shall provide written notification of its determination that the demand is invalid to the beneficiary that made such demand.

V. Nothing in this **Exhibit G** shall relieve a party liable for payment of the obligation to pay the claims of all persons with valid and lawful claims against such party relating to the Capital Improvement Project.

VI. Notwithstanding any provision to the contrary contained in the License Agreement (including this **Exhibit G**), the payment guarantee made pursuant to this **Exhibit G** shall be construed in a manner consistent with Section 5 of the New York Lien Law.

- o Mow - around bunkers at least twice a week at a height of now more than 2.5 ".
- o Trim/Weedeat around all bunkers at least once every two weeks.
- o Weeds - remove any weeds that develop within a week of them emerging.
- o Adding Sand – add bunker sand each spring around 1/2" to 1" in depth on top of existing sand. After installing the additional (extra) sand the bunker shall be watered and compacted with a vibratory tamper.

IRRIGATION

- o Watering - the greens, tees and fairways are to be irrigated using the minimum amount of water to have high quality turf. Do not over water any areas especially greens.

- o Blow out - thoroughly blow out the irrigation system in late November or early December. And then the spring to slowly and carefully start-up the irrigation system

EXHIBIT I
Sustainability

Golf Course Sustainability Initiatives:

Licensee will reduce fertilizers, pesticides, and chemicals usage.

Audubon Certification:

Licensee will apply for and obtain certification for South Shore Golf Course within four years of start of license term. Licensee shall diligently seek the South Shore Golf Course's status as set forth by the Audubon Cooperative Sanctuary Program for Golf Courses for accomplishment in sustainable natural resource management and environmental stewardship but can make no representation as to the amount of time it will take to obtain such certification.

Water Usage:

- Licensee will upgrade irrigation system to the newest technology being used.
- Licensee will redesign the irrigation map of the golf course, covering only high traffic areas.
- The software would use techniques of watering deeply and not frequently to reduce usage and runoff that are heat, drought and salinity resistant in the summer months.
- Licensee will use "Rainwater Harvesting" to recycle water for watering plants and flowers around the building.

Technology/Equipment:

- Licensee will use energy efficient equipment including, but not limited to: hybrid grass cutting machines, fully electric tools such as hand mowers, blowers, weed whackers, chain saws, hedge trimmers and snow blowers. Electric tools will be used commencing with the initial year of this License and Licensee will use its best efforts to use hybrid and electric greens equipment as available.
- Licensee will switch from 80 gas-fueled cart fleet to a full fleet of electric golf carts, within 5 years from the date of this License.
- Licensee will offer for sale in the pro shop battery-powered push carts with a remote control feature, "follow me", for golfers.

General Practices

Licensee will follow these practices:

- Encourage customers to use reusable water bottles.
- Follow all New York City guidelines for the elimination of single use plastics (i.e., straws, cups and containers).
- Replace failed windows with new energy efficient windows to significantly block heat from the sun.
- Install low flow faucets and toilets to reduce water usage.
- Turn off all lights and electronics when not in use.
Install air hand dryers, as well as motion sensor lights to reduce energy
If the HVAC equipment at South Shore fails we will replace it with high efficiency units.
Reduce unused paved surface areas throughout the facility where possible.

Use local/native seeds or plantings to be used in natural areas.

Install bike racks where possible.

Use locally sourced construction materials.

Indoor Biophilic practices: Introduce plants throughout the building. Flowering plants such as lavender and ferns can be most helpful. These designs are proven to lower blood pressure, lower heart rate, reduce stress levels, improve concentration, reduce boredom, irritation, fatigue, and improve concentration.

Leave window shades open to promote natural light in the building.

- Provide natural ventilation for employees and customers in the building.
- Use a natural color palette when repainting the building interiors.

Waste Management Plan

Recycling and Composting:

Implement composting program with organic debris from leaves and trees for use on the golf course.

- Provide recycling and compost bins around golf course facilities where possible.
- Educate our staff and customers about the importance of recycling.

Partner with a nearby company to make sure all recyclable materials are picked up and properly recycled.

Conduct a waste audit to determine how much waste is collected and to appropriately size waste and recycling bins or containers.

- Recycle golf course pencils (used for scoring) for reuse by customers.
- Purchase from vendors products that are biodegradable or organic.
