July 6 Report as late Treasurer 589

Apr 21 10 ft. of Northern portion to be removed 748

The image shows a page from a ledger or account book. At the top left, the page number '264' is printed. The rest of the page is filled with a grid of horizontal and vertical lines, creating a series of empty rows and columns. The lines are thin and black, set against a white background. The grid covers almost the entire page, leaving only a small margin at the top and bottom. The columns vary in width, with a notably wider column on the right side, suggesting a layout for recording financial or administrative data.
