PARK BOARD.

Stated meeting, Thursday, 2:30 p. m. January 26, 1922.

Present—Commissioners Hennessy, Harman, Benninger, McGinley.

On motion Commissioner McGinley occupied the Chair—in the absence of the President.

There being no objection, Commissioner McGinley directed that the reading of the Minutes of the previous meeting be dispensed with.

The Secretary read a communication from the Board of Purchase, as follows:

"BOARD OF PURCHASE,
Office of the Secretary,
Municipal Building,
Room 1900.

January 18, 1922.

MR. WILLIS HOLLY,
Secretary, Park Board,
Municipal Building.

DEAR SIR:

At a meeting of the Board of Purchase today your communication of January 13th, requesting permission to purchase direct live animals for the menageries, trees, shrubs, plants, sod and seeds for the year 1922, was granted.

Yours very truly,

ALFRED F. MEEHAN, Assistant Secretary."

Commissioner Benninger, by request, offered the following:

The Secretary read a certified copy of a resolution from the City Clerk, adopted by the Board of Aldermen on February 7th, 1922, relating to golf fees on the city links, which on motion of Commissioner Benninger was ordered on file.

The Secretary read a communication from the Standardization Committee, which had been considering the revision of Park Department contract provisions as follows:

"February 16, 1922.

To the Honorable Park Board of The City of New York,
Municipal Building, New York City.

GENTLEMEN:

In Compliance with the resolution of your Board adopted August 4, 1921, reading as follows:

Resolved, That the Chief Engineers and Assistant Engineers of the Park Department be requested to confer on the subject of a revision of the contract provisions for asphalt paving and to report to the Board at their earliest convenience any change they consider to be advisable and give their reasons in full for the change, if any, with the view of making them as uniform as possible in all the boroughs."

it is hereby reported that the Chief Engineers and Assistant Engineers of the Park Departments and the Landscape Architect of the Park Board have regularly met on Monday afternoons in the Brooklyn Park office and revised the contract forms which were in use, so as to have one standard contract form for all Park Departments, for the various classes of work. The said standard contract form is hereby respectfully submitted to your Board for its consideration, and, if satisfactory, for its submission to the Corporation Counsel of The City of New York, for approval before printing.

The important changes that have been made are as follows:

The elimination of all paragraphs relating to specific guarantees, submission of specific samples, etc., which paragraphs will hereafter be provided for in the special provisions of the specifications for each particular kind of work; also the simplification of any paragraphs which appeared to be ambiguous or indefinite as to their intent, such as the reading of the 5% additional work clause, the contract modification clause and the extra work clause, the sense and intent of which, as understood

by the Committee, have been re-written into new paragraphs which, it is believed, more completely and definitely cover the subject.

The order of numerous paragraphs in the contracts where they related to the same subject, has been changed so as to keep such paragraphs together. Other minor changes, such as phraseology, punctuation, etc., which did not change the sense of the paragraphs, were also made.

It was believed that General Provisions common to the specifications of each department should be standardized. This was done and they were included for printing in the standard contract form.

In order that your Board may be fully informed as to the proper provisions for such paragraphs as were eliminated in relation to samples, guarantees, etc., a sheet is hereto attached showing the proposed uniform order of the Special Provisions of the

Roadway Entrance to Van Cortlandt Park at Broadway and Spuyten Duyvil Parkway,

specifications for each department, which will hereafter be followed, if approved by your Board, in regard to such samples and guarantees, but which Special Provisions, it is believed, should not be included as part of the standard contract, for the reason that the wording of such Special Provisions will change for each class of work and according to the character of the samples required for submission and the items which will be under guarantee.

The Committee also believes that the standardization work should continue until such time as all specifications for work common to each department are standardized.

On the standardization of specifications, the Committee will again continue its meetings, beginning Monday, February 20th, unless otherwise directed by your Board.

It is the sense of the Committee that with the submission of this contract form, general provisions and outline of proposed special provisions, and the proposed standardization of specifications, the resolution of August 4, 1921, will have been complied with.

Respectfully submitted,

The Secretary called attention to a memorandum from Commissioner Hennessy on the subject of the adoption of the temple design with pediment decorated with symbols and the slogan "America, we live for thee," as suggested for use on the Park concert programs.

Commissioner Hennessy found the design lacking in appropriateness and unrelated in its symbolism to music.

The Secretary reported that President Gallatin had verbally expressed the opinion that the design was crude and the symbols on the pediment disposed without any attempt at composition.

Thereupon Commissioner Benninger moved that the subject be tabled.

Commissioner Benninger, by request, offered the following:

There being no objection the President directed that the reading of the Minutes of the previous Meeting be dispensed with.

The Secretary presented a communication from the Commissioners of Fairmount Park, Philadelphia, inquiring whether travelling motorists are permitted to camp in the parks under the jurisdiction of the Commissioners of Parks of this City.

The Secretary was directed to answer and communicate the information that no facilities of this kind are provided and no general rules are in force on the subject.

Commissioner Benninger of the Borough of Queens reported that he had an occasional camping automobilist to take care of, but that no special provisions in the matter seemed to be called for.

The Secretary presented a communication from Mr. A. B. Van Raalte of the Division of Rehabilitation of the Federal Board for Vocational Education of the United States Government, suggesting that appointments for such duties as those of watchman might be made from the ranks of one-armed veterans, who had been trained by the Division of Rehabilitation.

The Secretary was directed to reply that nothing could be done by the Commissioners in this direction unless some special eligible list could be arranged for in the Municipal Civil Service Commission.

The Secretary presented a communication from the Hon. W. Bruce Cobb, City Magistrate, suggesting that parkways and park drives in out of the way and little used places might well be set apart for the use of persons learning to drive motor vehicles as this practice on crowded thoroughfares was very dangerous.

Commissioner Gallatin and Hennessy said that there were no parkways or drives in the Boroughs of Manhattan and The Bronx, which could be properly set apart in this way.

Commissioner Benninger said that in some of the parkways and drives in Queens persons learning to drive motor vehicles resorted by common consent and with his permission though there was no official designation.

Commissioner Harman said that he would take up the subject of arranging to set apart some secluded cross drives in Prospect Park for this purpose.

The Secretary presented a communication from Mr. B. L. Blair, who requested permission to demonstrate a base ball pitching machine. He considered it to be of practical interest from a scientific standpoint and likely to prove of great value in training the eyesight of players and preventing death and injury from accidents.

Commissioner Harman expressed a willingness to arrange for such a demonstration and the Secretary was directed to refer Mr. Blair to him.

The Secretary presented a communication from Mr. Stephen T. Mather, Vice Chairman of the National Conference on State Parks, inviting him to attend the coming conference at Bear Mountain Park May 22nd, 23d, 24th and 25th.

The Commissioners were unanimously of the opinion that this City being in neighborhood touch with Palisade Interstate Park and the Bronx Parkway the proceedings of the Conference would be of interest to this Department. The Secretary was delegated to attend the Conference and represent the Department.

Commissioner Hennessy offered the following:

Resolved, That the proposal of the lowest formal bidder for furnishing all labor and materials for the erection and completion of a Comfort Station, including Plumbing, Drainage and Water Supply, in Pelham Bay Park, Borough of The Bronx, for which bids were received by the Park Board May 18, 1922, be forwarded to the Comptroller for approval of sureties, and when so approved that a contract for the same be entered into and executed by the President for, and on behalf of this Board.

Which was adopted by the following vote:

Ayes—Commissioners Gallatin, Hennessy, Harman, Benninger, McGinley—5.

On motion at 3 p. m. the Board adjourned.

WILLIS HOLLY, Secretary, Park Board.

There being no objection, the President directed that the reading of the Minutes of the previous Meeting be dispensed with.

The Secretary presented a communication from the American Society of Landscape Architects, with information as to the plan of that Society for Park administration procedure to be suggested to the Chairman of the Charter Revision Commission.

On motion of Commissioner Benninger, the communication was ordered on file.

The Secretary reported verbally upon his attendance at the National Conference of State Parks at Bear Mountain, Interstate Palisade Park on May 22nd, 23rd, 24th and 25th. He said that the discussions were very interesting though most of the problems did not particularly concern city park administration. On one important direction where it did, about the expense and damage caused by the litter and debris left by the users of the parks, the conditions reported were the same as are suffered here. A committee was appointed to try to enlist the cooperation of the press of the country in the effort to educate the public in this matter.

Commissioner Gallatin offered the following:

Resolved, That all the bids or proposals received by the Park Board May 25, 1922, for all labor and materials necessary and required for furnishing and erecting one ice-making plant in the American Museum of Natural History, 77th street and Central Park West, Manhattan, be rejected, it being deemed for the interest of the City so to do.

Which was adopted by the following vote:

Ayes—Commissioners Gallatin, Hennessy, Benninger—3.

PARK BOARD.

Stated meeting, July 13, 1922, Thursday, 2:30 p. m.

Present—Commissioners Gallatin (President), Harman and Benninger.

A representative of the Comptroller being present, and the meeting open to the public, all the bids or proposals received, pursuant to duly published advertisements, were opened and read as follows:

Borough of Queens.

For the construction of sidewalks along Woodhaven Avenue in Forest Park, Borough of Queens, including all work incidental thereto:

There being no objections the President directed that the reading of the Minutes of the previous meeting be dispensed with.

The Secretary presented a communication from Commissioner Hennessy, transmitting an application from John F. Walsh, Jr., Head Gardener, Department of Parks, Borough of The Bronx, requesting that he as a member of the Association of Park Superintendents should be sent with Landscape Architect Burgevin, as a representative of the Park Department of the City of New York, to the Convention of Park Superintendents, to be held in Minneapolis in August.

Commissioner Harman inquired as to the condition of the Park Board Contingency Fund, and the Secretary reported that with the purchase of a typewriter for the Secretary, to replace one which had been borrowed from the Commissioner in Manhattan, at \$60, the Contingency Fund would show a balance of only \$15.

Commissioner Harman inquired whether the purchase of the typewriter could not be dispensed with and the \$60 appropriated for the expenses of Mr. Walsh.

The Secretary said that the order had already been issued, and it was therefore decided that it would be impossible to comply with the request.

Commissioner Benninger offered the following:

Resolved, That the proposal of the lowest formal bidder, received by the Park Board July 13, 1922, for the construction of sidewalks along Woodhaven Avenue in Forest Park, Borough of Queens, including all work incidental thereto, be forwarded to the Comptroller for approval of sureties, and when so approved that a contract for the same be entered into and executed by the President for, and on behalf of this Board.

On motion of Commissioner Harman the following resolution was unanimously adopted:

Whereas, The concerts of the Goldman Band, under the auspices of the Columbia University Summer Concerts Committee, were again extended for the Out-door music season of 1922 to include a score of performances in the City parks, and

Whereas, These concerts were of inestimable value in cultivating a love of good music, in improving the musical taste and adding to the musical knowledge of the community, in contributing to the pleasure of many thousands at every hearing, and also in having been so conducted as to be a distinct source of patriotic inspiration, and

Whereas, These altogether admirable results have been due to the devotion and energy of Mr. Edwin Franko Goldman, to the broad vision of the Columbia University

Authorities as to public service and to the public spirit of the many contributors and subscribers whose generosity made the concerts absolutely free to those who gathered to enjoy them, therefore, be it

Resolved, That the Park Board, in the name of the People of the City of New York, in official recognition of the work of Conductor Goldman, of the Artists of his Band, of the Columbia University Authorities and of their loyal subscribers and supporters, hereby makes public record of the thanks and Appreciation that is their due, and

Resolved, That these resolutions be entered in the minutes of the Board and suitably engrossed for presentation to Mr. Goldman.

September 9, 1922.

Department of Parks,
Municipal Building,
New York City.

Attention of Mr. Holly, Secretary.

DEAR MR. HOLLY:

I desire to convey to the Members of the Park Board, through you, my sincere thanks for their very kind tribute to me. The set of resolutions which were presented to me at the concert last evening came as the pleasantest surprise of my life and I value it more than I can express in words.

My relations with the Park Commissioners have always been most cordial and they have, one and all, given me every possible assistance and co-operation at all times. I hope that, in the future, I may be able to be of more service to them and in the meantime I will thank you for extending to each and every one of the my earnest thanks and best wishes.

With kind greetings, I am,

Sincerely,

EDWIN FRANKO GOLDMAN.”

public. It is to contain the program of the evening as furnished by the band master, including the title of the music to be played, and name of composer.

It is my intention to make this program similar to those furnished by the theatres, with the exception that we intend to give due publicity to the Mayor, City Chamberlain, Honorable Board of Park Commissioners, and all those interested in any way with the Park Concerts, with their photographs from time to time, and also inform the public of the improvements and progressive movements made by the Park Department and its Commissioners. In fact, Mr. Commissioner, we will endeavor to make this a regular Park Bulletin.

Trusting this request will meet with your approval, I am,

Yours respectfully,

FRANK D. VAN HORN."
